Whole-Home Happiness

Jan Luchetti Interiors delivers fluency and flow for inspired living spaces.

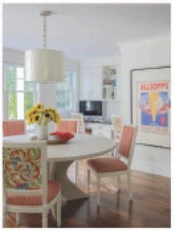

Whether transforming multiple rooms or designing a new home from the ground up, Jan Luchetti Interiors is dedicated to creating spaces that flow seamlessly with thoughtful design elements. With a reputation that extends across New England and even as far as the Rocky Mountains, Jan Luchetti, owner and principal, is known for her keen ability to craft spaces that are both beautiful and functional.

Specializing in a diverse range of aesthetics—whether sleek, modern, coastal chic, or colorful eclectic—Luchetti brings each client's vision to life in an authentic and personal way. Every design is a true collaboration, where the exploration of the client's tastes, lifestyle, and aspirations takes center stage.

At the heart of Luchetti's approach is a commitment to individuality. "My goal is to make my clients' spaces as unique as they are. I value their input just as much as they value mine. Together we create something special that genuinely reflects who they are, resulting in spaces that feel entirely their own," she says.

For those clients seeking truly one-of-a-kind elements, Luchetti designs

custom furniture and upholstered pieces. By collaborating with trusted vendors and contractors, she ensures an effortless, high-quality experience from start to finish.

Luchetti knows when to nudge her clients outside their comfort zone—a trait that is often met with appreciation. This might involve introducing natural wood elements to soften a modern design, grounding a vibrant color scheme with deep, rich blacks, or adding unexpected textures to balance a room. "I enjoy educating my clients on the choices I make, explaining why a certain recommendation could elevate the space," she says.

Luchetti cherishes the intricate details of the design process, but her true passion lies in witnessing the joy and satisfaction on her clients' faces as they step into their completed home. Their happiness is the best part of the process.
