BIZI

AN AUTOMATED STUDENT RECOGNITION PLATFORM

Bizi automatically recognizes students for attendance, behavior, and academics, so culture shifts and outcomes improve without adding work for teachers.

WHEN EFFORT EARNS *SOMETHING REAL,* STUDENTS SHOW UP.

WHY BIZI WORKS

Most recognition systems rely on teachers to manually track points, hand out tickets, and manage rewards, making them difficult to sustain at scale.

Bizi fixes that by connecting directly to your student information system, so recognition for attendance, behavior, and academic achievement happens automatically, every day for every student.

REAL IMPACT

SCHOOLS USING BIZI ARE ALREADY SEEING MEASURABLE IMPROVEMENTS.

BUT THE BIGGER CHANGE IS CULTURAL

- **STUDENTS FEEL MOTIVATED TO EARN AND IMPROVE.**
- **TEACHERS SAVE TIME AND STAY CONSISTENT.**
- **SCHOOLS GET ONE SYSTEM, ONE LANGUAGE, ONE PLACE TO TRACK IMPACT.**

WHY SCHOOLS *CHOOSE* BIZI

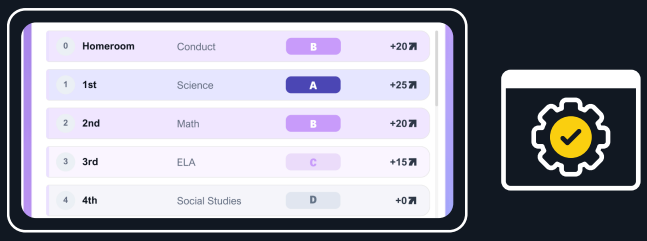

MOVES THE METRICS THAT MATTER

Partner schools see it in their data: increased attendance, fewer disciplinary referrals, and stronger student engagement. Bizi is built to move real outcomes, not just feel-good moments.

AUTOMATED RECOGNITION, LESS ON TEACHERS

Bizi syncs directly with your SIS and gradebook so students automatically earn recognition for attendance, behavior, and academic progress without manual input or tracking. No relying on individual teachers to remember. When recognition is consistent and equitable across every classroom, it sticks and students stay motivated.

BUILT FOR STUDENT OWNERSHIP

Bizi works like a banking app. Students see their progress, track their earnings, and make spending choices that build real financial habits. Families tell us "What did you earn today?" becomes a natural conversation about attendance, behavior, and academics. Built for K–12, Bizi grows with every student.

- **PROMOTES FINANCIAL LITERACY AND STUDENT OWNERSHIP**
- **SIMPLIFIES SCHOOL REWARD MANAGEMENT**
- **PROVIDES ONBOARDING AND ONGOING SUPPORT**

BIZI HELPS SCHOOLS TURN RECOGNITION INTO MOMENTUM.

When recognition is consistent, culture shifts. Students show up. Teachers breathe easier. Outcomes improve.
