

BRONX SCHOOL OF HIP HOP

VIRTUAL BACK-TO-SCHOOL NIGHT

Peace BxSHH Families,

Tomorrow night, the cypher gets bigger — and we need our families in it.

Join us **Thursday, October 1** for our Virtual Back-to-School Night, an opportunity to step inside the learning happening at the Bronx School of Hip Hop and hear directly from the educators working with your scholar every day.

DATE	Thursday, October 1, 2026
TIME	4:30 PM
ZOOM	https://zoom.us/my/principalreyes?omn=91852680365

We will begin the evening together as one BxSHH community. I will share more about how teaching, learning, and grading work at our school, including our approach to mastery, growth, revision, and the different ways scholars demonstrate what they know and can do.

Afterward, families will meet their scholar's teachers and learn more about:

- What scholars are currently learning
- Course expectations and syllabi
- How learning and grading look within each class
- Projects, assignments, and assessments
- Where scholars are headed next
- How families can support success at home

We are only one month into our founding year, but history is already being written. Our scholars are building something that has never existed before, and they cannot do it without the partnership of the people who know and love them most.

You are part of this school. You are part of this culture. You are part of this cypher.

So tomorrow night, pull up — virtually — and join us as we continue building something special right here in the Bronx.

The Bronx gave the world Hip Hop. Together, we're building what comes next.

Peace & Love,

Jason Reyes

Principal

Bronx School of Hip Hop
