

Product Overview

Pathglow is a fluorescent tracking powder used by pest control professionals to detect and monitor rodent movement.

A small quantity is applied around a suspect area. As rodents move through it, footprints and trails are left behind, revealing exactly where activity is occurring. Visibility can be further improved by inspecting under a UV lamp, which can reveal movement that would otherwise be missed.

Features

- Reveals rodent movement patterns not visible to the naked eye
- Visibility significantly improved under UV lamp inspection
- Available in two colours for use across multiple monitoring points
- Simple to apply — a light dusting around the suspect area
- Residue removes easily with a suitable cleaning agent

Typical Applications

- Rodent activity monitoring & movement mapping
- Pest control surveys — commercial & residential
- Ingress point identification

Typical Treatment Properties

APPLICATION	
Method	• Apply a light, even dusting around the suspect area. • Leave overnight. Movement is typically visible in footprints and trails the following day.
APPLICATION TEMPERATURE	
Recommended range	• Ambient, 5°C – 30°C

Pack Sizes & Format

COLOUR	
Available colours	Yellow, Pink
PACK SIZES	
Sizes	100g tube/puffer, 200g pot, 1kg pot
FORMAT	
Type	Powder

Safety & Handling

Hazard classification	Not classified under CLP (Regulation (EC) No 1272/2008) — no hazard labelling required
Eye protection	Safety glasses (EN 166)
Hand protection	Chemical-resistant nitrile gloves.
Respiratory protection	Type A filter respirator.
Hygiene	- Avoid breathing dust; avoid contact with eyes, skin and clothing; do not eat, drink or smoke while using. - Not for use in the manufacture of food products or feed
Skin & clothing contact	- May temporarily stain skin or clothing on contact - Wash skin thoroughly with soap and water on contact
Overspray	Avoid overspray drying onto hard surfaces — wash off with clean water as soon as possible.
Storage incompatibilities	Keep away from strong acids, strong bases and sources of ignition

Storage & Shelf Life

SHELF LIFE	
Duration	2 years from date of manufacture

Tolbest Limited, 8 Aston Court, Kingsland Grange, Warrington, WA1 4SG
