C&S WASTE SOLUTIONS

COLLECTION TIPS FOR SNOWY WEATHER

Place carts on the street side of the snow berm to ensure access.

Allow extra time for pick up.

Keep carts lids closed. When snow and rain weigh down your cart, our truck arms may not be able to lift them, resulting in your garbage not being emptied.

Your cart will be emptied. Collection may be switched to a different day, or we may send a different truck, but your garbage will be serviced.

Christmas tree removal for all residential customers will be the first full week of January. Please have trees unflocked and curbside on your regular service day.

When dirt roads are in poor condition, service will be delayed to preserve the roads and our trucks.

Download our App! The App will send you alerts when your service is delayed due to weather.
