LASSEN COUNTY

Winter 2023

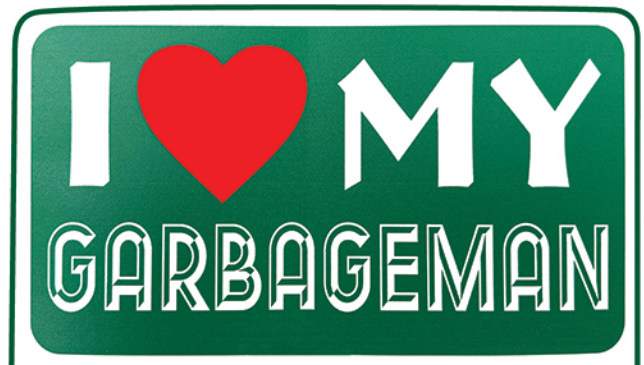

# Annual Newsletter

## Rate Increases in California

Rate increases are happening across the U.S. from fuel to groceries to clothes. We are not immune in the refuse business. While we have fought hard to repress the effects of inflation for our customers, we are feeling the pressure of operating expenses. California has been hit especially hard. In San Luis Obispo County, rates in some areas will increase by 22%, while others will increase by 40%. Our prices, however, remain competitive compared to other communities in our state.

Additionally, the organics program that is being implemented throughout California will be skipping our county. CalRecycle has granted Lassen County a five year Rural Exemption from complying with the organic waste collection requirements. We worked hard to get this exemption, and therefore we are able to keep our operating costs down.

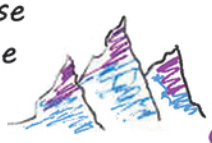

Our customers will see a rate increase this coming year, however, we will continue to keep operating and service costs as reasonable as possible.

We would like to take a moment to recognize our amazing staff who work hard everyday collecting the community's garbage.

## Christmas Tree Collection

Unflocked trees will be collected January 2-6, 2023. Place trees curbside by 6:00 AM on your normal service day.

## Snow Berm Cart Placement

On your service day, please be sure to place your carts on the street side of the snow berm for collection. If we do not empty your carts on your service day, place carts out by 6:00 AM the following day. If we are unable to empty carts the following day, we will notify you to make other arrangements.

For Automated Bill Pay, call our office at (530) 252-1200.

# 2023 Rates
