Keep Bears Out of Your Carts

Follow these tips to make your carts unappealing

Keep Carts in a Secure Location
- Keep your carts in a garage or shed. Or install an electric fence if carts must be stored outdoors.
- Put carts out for collection on the morning of your collection day instead of the night before.
- Set up motion sensor lights, noise makers, alarms, or sprinklers.
- Get a strap or locking device for your cart. Contact our office for a list of approved locks and straps.

Reduce Odors in Your Carts
- Rinse out all food containers.
- Double bag all trash in heavy duty trash bags.
- Keep food waste in the freezer until the morning of your collection day.

Use Scents that Deter Bears
- Clean your carts with pine scented cleansers, bleach, or ammonia (do not spray on recyclables).
- Spray trash bags with a dilution of ammonia and water before putting them in the garbage cart.
- Spray around carts with a mixture of pine essential oil & water.
- Sprinkle a paper towel with ammonia and place it in your garbage cart.
- Spray your green waste cart with pine essential oil.
