This layout in the California drop down menu is very confusing because the companies are not in evenly distributed columns.
We have two ideas below that we would prefer.

Lake County
| Clearlake Waste Solutions | Lake County Transfer Station & Recycling Center
| Clearlake Recycling Center | Quackenbush Resource Recovery
| Lake County Waste Solutions

Mendocino County
| Pacific Organics Solutions | Ukiah Transfer Station & Recycling Center
| Pacific Recycling Solutions | Redwood Waste Satellite Transfer Stations
| Redwood Waste Solutions | Willits Transfer Station & Recycling Center
| Tri County Scrap Metals | Ukiah Waste Solutions

Can we modify the layout to make it easier to find the companies?
This is the best option – to list the companies under the county.

Lake County
Clearlake Waste Solutions
Clearlake Recycling Center
Lake County Waste Solutions
Lake County Transfer Station & Recycling Center
Quackenbush Resource Recovery

Mendocino County
Pacific Organics Solutions
Pacific Recycling Solutions
Redwood Waste Solutions
Redwood Waste Satellite Transfer Stations
Willits Transfer Station & Recycling Center
Tri County Scrap Metals
Ukiah Waste Solutions
Ukiah Transfer Station & Recycling Center

If more columns are needed, then make a clearer delineation between the companies.
Better defined columns would be more helpful.
