

How to Switch Your Practice Management Software

as Painlessly as Possible

Introduction

The prospect of making the switch to new practice management software (PMS) can be daunting for any dental practice, even more so if you've been using the same system for a long time. But as painful as change can be, it's not as painful as being stuck with a system that is no longer working for you. And while there will always be a learning curve, making the transition can quickly pay dividends in terms of efficiency, cost savings, streamlined workflows, and improved patient care and experience—and the sooner you switch, the sooner you can start reaping these benefits.

In this eBook, we will explore the reasons to make the switch to Novadontics and what to expect from the onboarding process.

Why Switch to Novadontics?

We know that keeping up with the day-to-day business of running a dental practice can sometimes feel overwhelming, and you may wonder how you can possibly take the time to “start over” with a new PMS. But with Novadontics, the small time investment in making the switch will be quickly rewarded with daily time and cost savings with our all-in-one platform that manages all functions—from marketing and front office to patient care and business analysis—to help you do it all, seamlessly and efficiently.

Keep Your Practice Running Smoothly

Novadontics has all the tools you need to keep your front office running efficiently, including an easily customizable Appointment Book, intuitive Clinical Notes, cloud-based X-ray and CT Scan module, and more, all integrated directly in the platform. The Dashboard and the Reports module provide valuable data about your practice at-a-glance, and the Nova SharedCare feature allows you to share selected patient records with another provider in a HIPAA-compliant environment with just a few clicks.

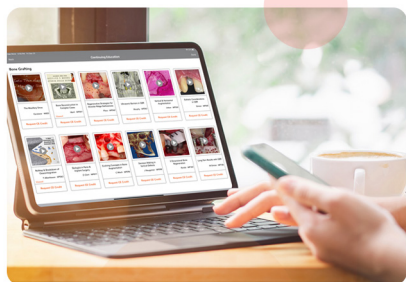

Make Your Patients Smile with Convenient Care Options

Novadontics makes managing appointments and patient information easy for patients and office staff alike with Automated Appointment and Recall Reminders, Online New Patient Registration and HIPAA-Compliant Patient Forms, and Online Patient Bill Pay. In addition, Novadontics' automated Customizable Birthday Messages are a simple way to build relationships with patients, creating loyalty as well as referrals to friends and family.

Help Your Practice Grow

Novadontics has partnered with Care Pulse, an online dental appointment booking app that is fully integrated with the practice management system, allowing new patients to quickly and easily find you and book an appointment online. And, when they use the Care Pulse app to book an appointment, the slot is automatically filled in your appointment book.

Provide Exceptional Patient Care

Novadontics offers access to expert knowledge through its integrated Checklist Guidance module, online video consultation with expert clinicians, and Continuing Education module with access to 300+ lectures and clinical videos from world-renowned speakers, empowering you to provide the highest standard of care possible.

Improve Your Bottom Line

Whether it's on daily supplies or capital equipment investment, Novadontics Integrated Marketplace offers huge group-rate discounts that have a significant impact on your practice's bottom line. Novadontics has partnered with the industry's most prominent and reputable manufacturers and suppliers to offer you special discounts on high-quality products.

Getting Onboard with Novadontics

We'll Get You Up and Running in No Time!

Convert all of your existing practice management data in less than 2 weeks! Our experts will help you with this process and can migrate data from all major practice management systems, including:

- ✓ Dentrix
- ✓ EagleSoft
- ✓ Open Dental Software
- ✓ Denticon
- ✓ SoftDent
- ✓ PracticeWorks
- ✓ Many more!

We Are Here to Help Every Step of the Way

We at Novadontics are committed to making your switch to our cloud-based system as painless as possible. Our implementation process includes five simple steps:

2. Data Conversion

Novadontics will migrate all of the data and images from your existing practice management software to your Novadontics practice account.

4. Go Live!

Once your office team has completed training and all data and images added to the existing system since the initial data conversion have been updated in the system, your Novadontics software platform will go live.

1. Kick-Off Meeting

A dedicated Novadontics support team member will reach out to your front office team to schedule a meeting to begin the software implementation process.

3. Onboarding and Training

A timeline of online training sessions and weekly meeting times will be scheduled with your Novadontics support team member, who will guide your staff through a 2-hour onboarding session in which all of your practice settings will be entered into the software for your initial setup.

5. Ongoing Support

Our support team will be available to provide chat, email, and phone assistance at any time. It is our goal to ensure that all Novadontics subscribers feel supported during every step of the way.

About Novadontics

Novadontics' patented cloud-based practice management software (PMS) is the first and only dental PMS built by dentists for the general and dental implant industry. Based on expert guidance and experience, this platform streamlines traditionally fragmented functions, allowing you to efficiently manage your practice, optimize patient care, and grow your business.

A few things that make us different:

- ✓ Innovative, integrated software features that aid in diagnosis and treatment planning while managing all patient information and health history in a completely secure HIPAA-compliant cloud environment
- ✓ Industry-leading business, clinical, and front-office tools that streamline administrative functions with mobile access from any web-enabled device
- ✓ Network of experts providing online consultation support
- ✓ Second-to-none continuing education platform
- ✓ Integrated patient engagement tools
- ✓ One-of-a-kind online marketplace offering tremendous discounts on over 40,000 products from more than 50 of the dental industry's most prominent and reputable manufacturers and suppliers
- ✓ Seamless integration with the Care Pulse online booking app to help patients and providers connect
