

ABC Language Solutions is a professional language services company.

We help companies representing many diverse industries, from aerospace to manufacturing to mining to medical equipment, to succeed in foreign and domestic markets by providing fast, professional, and culturally sensitive one-stop translation services and comprehensive linguistic support in most language pairs.

By providing the right linguistic support, we can help you sell more products and services, reduce time to market, achieve regulatory compliance, avoid losses, mitigate significant risks, decrease liability, lower support costs, and help with many other aspects of your business.

Testimonials

I have worked with ABC Language Solutions frequently over the last two years and presented them with difficult timelines involving extremely technical information being translated with the utmost accuracy.

The support received has been directly responsible for successful business development efforts. ABC Language Solutions is definitely a reliable partner when translation requirements are needed.

*Wendy Keyzer
Communications Manager, MDA*

Your last French translation helped us close a \$250,000 deal – thank you very much!
