BlueCross BlueShield of Texas

Did you have a preventive care exam?

When you are enrolled in the Voluntary Benefits through BCBS, BCBS will pay a $50 per year incentive when the enrolled member has their annual wellness checkups and/or tests.

FOR EXAMPLE:

If you enroll in all three benefits, you'd receive a total of $150 annually.

If you and your spouse are enrolled in all three benefits and each have your annual wellness check-ups completed, you'd receive a total of $300 annually ($150 to the employee, $150 to the spouse). Same rules apply to enrolled children.

Don't forget to have those preventive exams completed each year!

Critical Illness Insurance

Provides a lump-sum cash benefit if you or a covered family member is diagnosed with a serious, covered illness. These conditions are often life-altering and can create a significant financial burden. This coverage is designed to help relieve that stress by providing funds that can be used however you choose—whether for medical expenses, experimental treatments, mortgage payments, or everyday living costs.

You may enroll in $5,000 increments up to $20,000. When you enroll in coverage for yourself, you can also enroll your spouse and/or child(ren), in increments of $2,500. Benefits will reduce to 65% at age 65, 50% at age 70.

COVERED CONDITIONS INCLUDE:

- Cancer Benefits: Invasive cancers, benign tumors
- Vascular Benefits: Heart attack, stroke, end-stage renal failure, major organ failure, and more, and more
- Other Benefits: Neurological conditions, functional loss, catastrophic conditions, and more
