Personalized Name Labels

Instructions:

1. Review the two name label options provided, and determine which option best matches each student's learning level:
 - **Option A** is intended for students who are able to recognize their picture, but are not yet able to identify their written name.
 - **Option B** is intended for students who are able to identify their written name.
2. Prepare name labels for students using **Option A**:
 - a. Type or write students' names in the blank spaces.
 - b. Print the labels and affix students' photos to the blank squares on the labels.
 - c. Laminate and cut out the labels.
3. Prepare name labels for students using **Option B**:
 - a. Type or write students' names in the blank spaces.
 - b. Print, laminate, and cut out the labels.
4. Use labels for student name tags or to label student desks, chairs, or cubbies.
