Summer at the Duck Lake

Seems like there is always something to do as far as keeping the duck club running smoothly. The 1st work party of the year went well, and the crew got a lot done but like always there is always more. Completed list below.

1. Trimmed the Cedar Trees.
2. Put the 1st. coat of paint on the deck
3. Repaired blind number 1.
4. Pulled popup pit blinds.
5. Removed one rotten cedar tree.

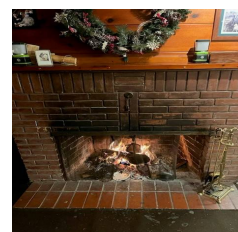

6. Replace the rotted batter boards.
7. Replace the bad Led Light fixtures on the East face of the house.

It was a great job done by the crew that showed up to help and a big thank you too all. We are scheduled to have another work party on August 22; to complete the item we could not get to in July. **Hope to see as many people as possible to help.**
