As the season progress to the midpoint, we keep looking for the mass migration. But it just doesn't seem to be happening. Although hunting success has gotten better, its not red hot. Good number of birds have been getting shot on some day but other days very few. But nothing like a few years ago. With that said we have not had the weather we use to. The 2nd goose season got underway on November 22, so that helps on the daily hunts. Huge number of geese

are in the area currently. The only real good news is that we are having some great lunches provided by the member on Saturday. Well let's keep our fingers cross and hope for some cold weather.

Scheduled Work Partys Fall

Date: Start Time Reason Who

Terry Martin has been sending out small work party request, please let him know if you can make any of these. **You can text or email or call Terry.**

Christmas Party Dec. 6, 2025

The annual Pope Lake Christmas Party will be held at the club on Saturday December 6, 2025, starting at **3:30PM** Pope Lake Hunt Club will provide Steaks and Chicken for a main course with side dishes of au gratin potatoes and Salad. You will need to bring whatever adult beverage you would like to drink; the club will provide mixers and soft drinks. If you would like, bring an appetizer or dessert to share. To cover some of the cost, a \$40.00 donation per couple to the club would be appreciated. There will be a container on the bar for donations. **We will be setting up at about 2PM if you want to come early and help that would be great.**
