TIER REFORM VICTORY!

After years of advocacy, countless meetings, rallies, phone calls, and unwavering determination, New York's Tier 5 and Tier 6 pension reforms have finally become a reality. This achievement represents a significant victory for public employees and is proof that when working men and women stand together, their voices can be heard.

On behalf of the Nassau County PBA, I want to express my sincere gratitude to every elected official who listened to our concerns and stood with us throughout this long process. This reform would not have been possible without the support of legislators from both sides of the aisle who recognized the need to make public service careers more sustainable for the next generation of police officers, firefighters, teachers, and public employees.

I also want to thank the leadership and members of the Police Conference of New York (PCNY) and the Public Employees Conference (PEC) for their tireless efforts in Albany and across the state. Their commitment to this cause never wavered, even when progress seemed slow.

A special thank you is owed to Nassau County PBA Second Vice President Frank Arcuri, whose dedication and commitment to working in Albany helped keep this issue at the forefront for our members. Frank spent countless hours working alongside labor leaders and elected officials to push meaningful reform across the finish line.

I would also like to recognize former Nassau County PBA First Vice President Pete Paterson, our trusted voice in Albany for many years. Pete's relationships, knowledge, and persistence helped lay the groundwork for the success we celebrate today. His efforts on behalf of Nassau County police officers and public employees throughout New York cannot be overstated.

One of the defining moments of this campaign was the Tier 5 & 6 Reform Rally held in Brentwood alongside our brothers and sisters from the Suffolk County PBA. More than 30 unions from all walks of life stood shoulder to shoulder in support of reform. Teachers, trade unions, first responders, municipal employees, and labor organizations from across Long Island and New York came together with one unified message: Fix Tiers 5 & 6! That remarkable show of solidarity demonstrated the strength of organized labor and helped build the momentum necessary to achieve meaningful change.

While we celebrate this victory, we also recognize that it was not achieved overnight. This was the result of years of persistence by the Nassau County PBA, labor leaders across the state, union members, elected officials, and advocates who refused to let this issue be forgotten. To everyone who attended rallies, sent emails, met with legislators, and spoke out on behalf of police officers-Thank You!

This victory belongs to all of us.

CONGRATULATIONS TO THE NEWEST GRADUATES OF THE NASSAU COUNTY POLICE ACADEMY!

Congratulations to the newest members of our union as they graduated from the Police academy in May. This marks the beginning of a rewarding career dedicated to serving and protecting the residents of Nassau County. Know that as you join the ranks of the Nassau County Police Department, you are becoming part of a proud tradition of professionalism, integrity, and sacrifice.

On behalf of the Nassau County PBA, we welcome you to the job and wish you a long, safe, and successful career. Stay safe and always back each other up both mentally and physically.

Welcome to the Nassau County Police Department and welcome to the Nassau County PBA.

CONTRACT NEGOTIATIONS

I understand there has been considerable discussion regarding the status of our contract negotiations. While we know members are eager for updates, negotiations are ongoing, and it would be inappropriate and counterproductive to negotiate in public.

I encourage members to disregard rumors, speculation, and misinformation that may be circulating. Your PBA leadership remains fully engaged in the process and is committed to securing the strongest possible contract for our membership.

As always, when there is information that can be shared, it will come directly from the Nassau County PBA. We appreciate your patience, trust, and continued support as we work toward an agreement that reflects the dedication and professionalism of Nassau County police officers.

We are the Safest County in America because of you! Your hard work, dedication, and sacrifice must be acknowledged and rewarded with a contract you deserve. Continue to stay unified and allow us to fight for your future. Be safe and always back each other up mentally and physically.

PROTECT YOURSELF AFTER AN ON-DUTY RMP ACCIDENT

Being involved in an on-duty RMP accident can be stressful, but the actions you take immediately afterward can have a lasting impact on your driving record and even your personal insurance rates.

One of the most important steps a member can take following an on-duty vehicle accident is to notify a PBA rep as soon as possible (and, don't forget your supervisor). Early involvement allows the PBA to monitor the process and help ensure that all documentation accurately reflects the circumstances surrounding the incident.

APBA rep can help ensure that the supervisor completing the MV-104A properly documents whether the officer was engaged in "emergency operation" at the time of the accident. Accurate reporting is critical and can help prevent future complications related to how the accident is classified and reviewed.

Members should understand that emergency operation does not necessarily mean the vehicle needs to have its lights and sirens activated. Emergency operation is a broader term under the VTL and there is wide latitude when documenting these things. Your rep is well prepared to discuss and review this with the Supervisor investigating the accident to ensure that it is written in the narrative of the accident report when appropriate. This becomes a significant factor when the incident is reviewed by the Department of Motor Vehicles and may affect how the accident is recorded on your driving history.

Members should also periodically review their driver's abstract following an on-duty accident. Work-related accidents should be reflected accurately, and members should be alert for any errors, omissions, or other discrepancies that could negatively affect their driving record.

An incorrect entry on a driver's abstract can have consequences beyond the workplace. In some cases, inaccuracies may lead to increased personal insurance premiums or create other administrative issues. The sooner an error is identified, the easier it is to correct.

If you review your driver's abstract and notice anything that appears incorrect or out of place, contact a PBA rep immediately. The PBA can work with the DMV to investigate and correct errors before they result in higher insurance costs or other unintended consequences.

The PBA has successfully assisted members in having improperly recorded on-duty accidents removed from their driver's abstracts. As part of the benefits of PBA membership, the union will also provide legal representation when necessary to appeal these matters before the DMV.

Remember, your local Trustee or Delegate should be contacted after an RMP accident. In addition to helping ensure that the MV-104A is completed accurately, your rep can also assist in making sure the appropriate paperwork is filed if you are injured as a result of the accident.

Have a great summer, drive safely and remember we are stronger when we work and stick together.

2nd Vice President's Message

by Frank Arcuri

As summer approaches, it marks the conclusion of another New York State legislative session. While the state budget was once again delayed, I am proud to report that this year's session produced meaningful victories for our members, particularly those in Tier 5 and Tier 6.

Through the tireless advocacy of the Police Conference of New York (PCNY) of which I am a legislative committee member. Along with local PBA leaders, and labor organizations across the state, several long-sought pension enhancements were included in the state budget and signed into law. These reforms represent significant progress toward making public service careers more attractive and financially secure for the next generation of police officers.

Most importantly, these changes put real money back into the pockets of our younger members while strengthening their retirement security for years to come.

LEGISLATIVE VICTORIES ACHIEVED

Increased Pensionable Overtime Cap

One of the most significant reforms enacted this year amends the Retirement and Social Security Law by increasing the overtime limitation used in Final Average Salary (FAS) calculations for Tier 5 and Tier 6 members from 15% to 25%.

This enhancement allows more overtime earnings to count toward pension calculations, resulting in larger

retirement benefits and greater long-term financial security. While this is a major step forward, we will continue advocating for additional increases in the years ahead.

Reduced Tier 6 Contribution Rates

We also secured reduced contribution rates for Tier 6 members, directly increasing take-home pay while maintaining pension benefits.

The new contribution schedule includes:

- Wages up to \$75,000: Reduced to 3%
- Wages between \$75,000 and \$100,000: Reduced to 4%
- Wages between \$100,000 and \$125,000: Reduced to 5.25%
- Wages above \$125,000: Reduced to 5.75%

These reductions represent meaningful savings for our members and are another important step toward correcting inequities within Tier 6. We will continue fighting for additional reductions in future legislative sessions.

Extension of Overtime Exclusion for Contribution Calculations

Another important victory was securing a two-year extension of the provision that excludes overtime earnings when determining a member's contribution rate.

By excluding overtime from these calculations, many members remain in lower contribution brackets and retain more of their earnings. The original sunset date of April 1, 2026, has now been extended through April 1, 2028.

BILLS PASSED BY BOTH HOUSES AND AWAITING THE GOVERNOR'S SIGNATURE

Cost-of-Living Adjustment for Line-of-Duty Widows and Orphans

This legislation extends the annual cost-of-living adjustment (COLA) provided to the surviving spouses and children of members killed in the line of duty. This is a benefit that must be renewed periodically, and we remain committed to ensuring these families receive the support they deserve.

We will never forget those who made the ultimate sacrifice, nor the families they left behind.

World Trade Center Presumption Extension

This bill extends the existing 25-year presumptive eligibility period for certain death benefits related to illnesses and injuries sustained during World Trade Center rescue, recovery, and cleanup operations by an additional ten years.

This extension ensures that those suffering from 9/11-related illnesses and their families continue to receive the protections and benefits they have earned.

LEGISLATIVE PRIORITIES STILL BEING ADVANCED

While we are proud of what was accomplished this session, our work is far from finished. We continue to actively lobby for the following measures:

- Increase military service credit eligibility from three years to four years.
- Reduce the Tier 6 military service buyback cost from 6% to 3%.
- Provide prior service credit for SUNY Police Officers, State Park Police Officers, and Attorney General Investigators.
- Allow prior Correction Officer and Court Officer service to be purchased at a 3% rate for up to five years.
- Establish the crime of knowingly making false accusations against police officers.
- Amend the Executive Law and Public Officers Law regarding the sealing of certain claims made against law enforcement officers.
- Prohibit the disclosure and publication of home addresses, personal telephone numbers, personal email addresses, and social media accounts of law enforcement personnel.
- Establish the crime of interfering with an emergency first responder's safety buffer zone.

LOOKING AHEAD

The progress achieved this year demonstrates what can be accomplished when law enforcement organizations across New York speak with one voice. While there is still more work to be done, these victories show that our advocacy efforts are making a real difference for our members and their families.

We will continue fighting for you here in Nassau County and in Albany.

As always, thank you for your support. Please stay safe, enjoy the summer months, and take time to make lasting memories with your family and loved ones.

The 2025 Nassau County PBA Top Cop Awards Dinner once again showcased the extraordinary work performed every day by the members of the Nassau County Police Department. It was an incredible evening recognizing officers whose courage, professionalism, investigative skill, and dedication to public service exemplify the very best of our department and our union.

The stories shared that night served as a reminder of the great work our members make daily to protect the residents of Nassau County. From life-saving actions and major investigations to acts of compassion and leadership, the award recipients represented the outstanding caliber of police officers serving this community.

The success of the Top Cop Awards Dinner is made possible not only by the officers being recognized, but our sponsors whose generosity is never taken for granted. As we move forward, I encourage all members to continue submitting nominations for the many recognition programs the PBA conducts throughout the year. Feel free to submit at jspringer@nassaupba.org. In addition to our annual Top Cop Awards Dinner, the PBA proudly recognizes members at our monthly open meetings and through our Legislative Top Cop recognitions. These recognitions ensure that outstanding police work does not go unnoticed.

Too often, tremendous acts of professionalism and dedication are viewed by our members as "just doing the job." While humility is admirable, it is important that we continue to recognize the hard work, bravery, and commitment displayed by Nassau County police officers every day.

If you know of a fellow officer deserving of recognition or even something above and beyond that you have done personally, please reach out to me with submissions and supporting information. Whether it is a significant arrest, a life-saving action, community involvement, investigative work, or simply going above and beyond the call of duty, we want to hear about it.

Recognition of our members' accomplishments not only honors the individual officers involved, but also helps demonstrate to the public, elected officials, and our communities the exceptional work performed by Nassau County Police Officers every single day.

Thank you to everyone who helped make this year's Top Cop Awards Dinner a tremendous success, and

congratulations again to all of our honorees.

DEFERRED COMPENSATION PLAN

For our younger members, if you do not participate in Deferred Comp, I recommend doing so. Even if it is just 5%. Since the deduction is pretax (unless you opt into the Roth 457) you'd be surprised how little your take-home pay changes. I regret not contributing from day 1. The second quarter of 2026 (April 1, 2026, to June 30, 2026) Stable Value crediting rate for the Nassau County Deferred Compensation Plan will be 2.73%.

Loans

If you currently have a loan from your Deferred Compensation account and you are planning to retire please be reminded that it is your responsibility to advise Prudential of your retirement as they will set up a coupon book for repayment as payroll deductions will cease.

We meet quarterly with the County and the Unions to review the funds and their performance. If you have any questions regarding Empower, please feel free to contact me at the PBA office or e-mail me at jbruno@nassaupba.org.

Dental

This year the County's contract with Healthplex expires. We are looking to enhance our dental benefits. If anyone has ideas on where our insurance is lacking; email me at jbruno@nassaupba.org.

HQ I Report

by Greg Mausner

First, I'd like to congratulate all of our recent retirees from HQ I and across the department. While the buyout impacted the senior ranks of HQ I as much as any area of the job, retirement remains the ultimate goal we all work so hard to achieve. It's always bittersweet to see so many experienced members move on to the next chapter of their lives, but it is ultimately a celebration of successful careers and well-earned retirements.

With so many departures comes change. Many of our specialized units have welcomed new members over the past several months, and after meeting many of you, I am confident that HQ I remains in excellent hands. While experience is irreplaceable, the dedication, professionalism, and enthusiasm of our newer officers ensure that these units will continue to thrive. The show

must go on. Take the time to learn what makes your unit successful and, much like on patrol, lean on the guidance and knowledge of the experienced officers around you.

I would also like to congratulate our two newest HQ I delegates: Chris Ayala of the Police Academy and Mike Miller of Records Bureau. Both Chris and Mike have long been respected senior officers and strong voices within their respective units. It comes as no surprise to see them step into leadership roles as delegates. Our membership is fortunate to have dedicated representatives like Chris and Mike, and I look forward to working alongside them on behalf of our members.

I'd be remiss if not to extend a sincere thank you to the members of HQ I for placing their trust and confidence in me by electing me as your trustee. It is an honor and privilege to serve in this role, and I remain committed to representing the interests of every member throughout HQ I. Your support is greatly appreciated, and I look forward to continuing to work on your behalf.

Lastly, thank you to Chris Pesci for running an admirable and professional campaign during the election. Chris has always been a dedicated advocate for our members, and I know that commitment will continue in his role as a delegate. I look forward to working alongside him as we continue to serve the membership and address the issues that matter most to our officers.

NOTES FROM THE NCPD PBA SOFTBALL LEAGUE

The 2026 season is officially underway, and it has been great to see so many new faces at the fields each week as the job continues to grow younger.

I would like to extend a special thank you to former League Commissioners, former 2nd Precinct Trustee Frank Bokrosh and former 1st Vice President Kevin

Mullick, for helping get league operations off the ground this spring. Even in retirement, both continue to give back to our membership, and I am extremely grateful for their assistance.

I would also like to congratulate our new Assistant League Commissioner, Robert "Uncle Bob" Phaneuf. Bobby, one of our HQ II delegates from CIRRT, has been an invaluable asset to league operations while continuing to throw one of the league's most devastating curveballs as the pitcher for the upstart BSO team.

League participation has been outstanding this season, but we are always looking to get more members involved. Our delegates and team managers have done a tremendous job organizing their teams and keeping participation strong, but if you are one of our newer officers or even a veteran officer who has always thought about joining....what are you waiting for?

The PBA Softball League remains one of the longest-standing traditions of camaraderie on this job. No matter where you work, there is something special about taking the field alongside your brothers and sisters, representing your unit, and wearing your team's jersey with pride. Players of all skill levels are welcome, and the most important part is spending time together outside of the workplace.

If you are interested in joining a team or learning more about the league, please reach out to me or one of your delegates. We would love to have you involved.

Marine Bureau

by John Kannengeiser

Apologies for the hiatus but things have been a little confusing with personnel changes and the switch to the digital format. In addition, we've had a bit of a difficult run. Nonetheless, things keep moving forward down here in Bay Park.

WELCOME ABOARD

Congratulations to the 2026 Marine Bureau Temp Class: PO's Braich, Lee, O'Connell and Sgt. McCartin. Our new additions have recently completed their SMPVOC coursework, Marine Law Enforcement classes and Jet Boat training and are currently out there learning the ropes. What a great group of guys that I'm sure will do very well here. Take it all in, learn as much as you can and look out for each other. Don't be afraid to get your hands dirty, jump in and get the work done but most of all, don't hesitate to ask questions. The veteran members will be more than happy to share their experience and

help you assimilate to your new surroundings. This unit is a great place to work and I think you all will do just fine. Welcome to the unit, gentlemen!

WELCOME BACK

Another welcome is in order as we get back our returning temps. You guys have all done a fantastic job the past few years and we appreciate your efforts as we start moving into the busy season. Before you know it, those vessels in distress, radio assignments, recreational boating accidents and other incidents will have us running around all summer. Maybe this is your year.

FAREWELL

On Friday, March 14, 2025, we lost one of our senior Marine Bureau members when PO Joseph Stassi passed away. His death hit the unit very hard and it was a tough stretch for the members. His experience, professionalism and humor are sorely missed. We will continue to remember him and honor his legacy.

On a lighter note, congratulations to the members who have moved on to bigger and better things. Sgt. James Maloney and PO Mario Boccabella recently hung it up for good. Best of luck to you both in a well-earned retirement. You are missed for sure as it was always

a pleasure to work with you both. Congratulations to Kevin Mueger, who was promoted to Sgt. fairly recently. Best of luck in your new command. Hopefully we will see you back on the boats someday down the road.

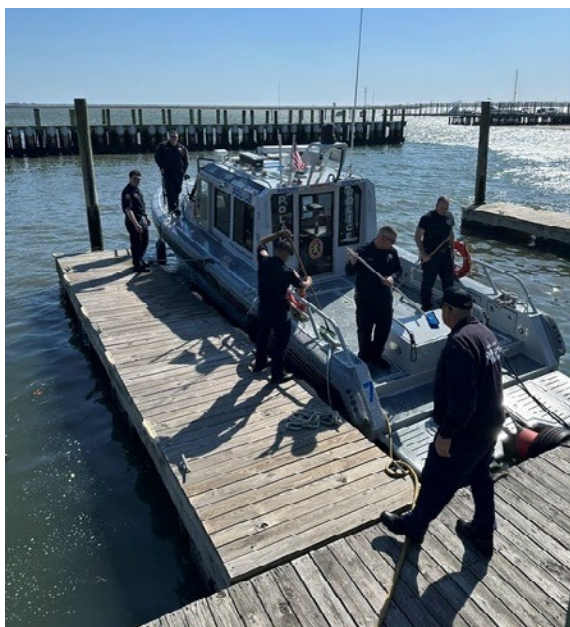

NEW PATROL VESSELS

After a long and tedious grants process, Lt. Fischer was able to work his magic and procured two new patrol vessels. Twin 33' Defender Class Safe Boats are currently being built. Fabrication finished up in late March and we expect delivery sometime in August. These full cabin vessels will be equipped with triple Honda outboards, a joystick steering system and several other state of the art technological features.

MARINE 7 REFURBISHING

Late last year, Marine 7 was transported up to Derecktor Shipyards in Mamaroneck, NY where it got a full spa treatment. Marine 7 was scheduled for a number of different repairs, including, but not limited to: repair of electrolysis on aluminum hull, refurbishment of fittings due to saltwater deterioration, full sponson (collar) removal and retrofitting, non-skid deck replacement and re-application and prime/paint hull, decks, fittings, etc. The vessel was completed in early May and transported back to Marine Base for some minor finishing touches and then back up to Tappen. She came out great and special thanks to PO Locher and Sgt. Cestaro for their efforts in getting the work completed.

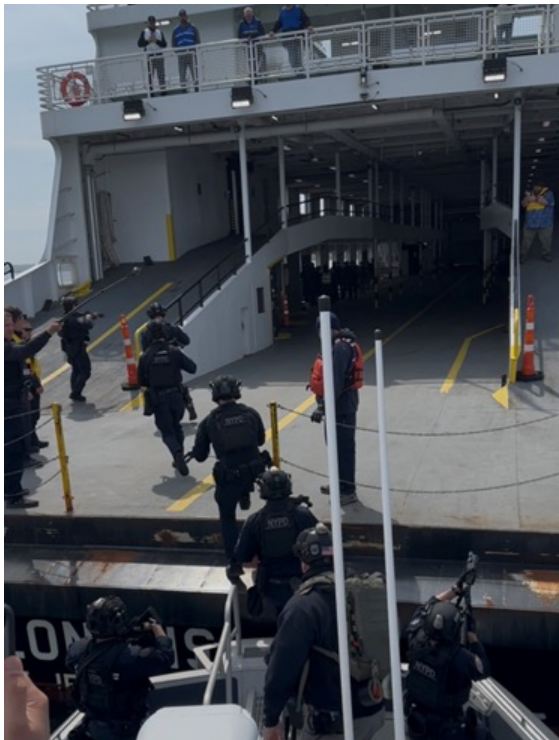

TRAINING OPS

Back in September, Marine Bureau Dive Team members participated in a day of dive training with the FBI Dive Team. It was a great opportunity to work with another agency and get some reps in, use new equipment and spend a day out in the ocean.

Another unique training opportunity presented itself when NYS Department of Homeland Security and Emergency Services held the 2026 Liberty's Aegis Maritime Training at the Port Jefferson Ferry Terminal. A who's who of law enforcement professionals were in attendance for the 2-day affair and the end result was one of the best training initiatives our department has had the chance to be a part of. Professionals from many different disciplines were on hand and took part in a variety of scenarios. Included were K-9 handlers, divers, explosive device technicians, patrol vessel operators, emergency service units, special operations, etc. This was a very well planned and professionally run training that we hope to see more of in the future.

SEIZURE AT SEA

On March 24, PO's Votinelli, Siesto and Karimi were on patrol aboard Marine 6. While underway and monitoring VHF Channel 16, the crew overheard a call for a male passenger suffering a seizure aboard a vessel in the vicinity of the Meadowbrook Parkway Bridge #3.

Marine 6 crew quickly responded to assist and escorted the vessel, a 36' Pursuit, to USCG Station Jones Beach. While en route, they requested assistance from the Seventh Precinct and Ambulance 2357 began responding. Once there, the crew removed the aided from the vessel and loaded him into the ambulance. He was then transported to NUMC with the assistance of 710 and 717.

This case shows the importance of monitoring the radio and also post knowledge. This crew was able to facilitate a much-needed medical transport in a quick and effective fashion. Great job, boys!

BEACH DAY

On April 7 at approximately 1735 hours, PO's Boyce and Dennington were assigned to Marine 11 when they received a radio assignment for a reckless driver operating a yellow ATV at Beekman Beach in Oyster Bay. The crew responded to the scene via RMP 2644 and observed a male matching the description operating a yellow ATV. PO's Boyce and Dennington then performed a VTL stop and conducted an investigation. The stop resulted in 3 summonses issued as well as an impound of the ATV. The crew answered the call and put an end

to a potentially dangerous situation. Excellent work, guys!

HARD AGROUND

On May 8 at approximately 1845 hours, PO's Marro, Verde and Vlasaty were on patrol aboard Marine 1 when they received a radio assignment for a vessel that had run hard aground in the vicinity of Zach's Bay. The crew were advised that the aided, a 70-year-old male, had fallen down the stairs as a result of the grounding and suffered injuries to his head and shoulder.

The crew arrived in short order and PO Vlasaty quickly boarded the vessel to assess the aided. Wantagh FD Marine 31 also responded and transported Ambulance 2357 AMT Ferro to the scene. The crew then transferred the aided to Marine 31 who responded back to Wantagh Park where the male was transported to NUMC. The crew then conducted a preliminary accident investigation and report while Towboat US worked on removing the vessel from scene. Luckily, no other injuries were reported. This call is a prime example of the importance of inter-agency collaboration with our partner agencies and commercial assistance operators. Fantastic job, boys!

ANNUAL "BACK TO THE BEACH" PICNIC

On Wednesday, August 5, 2026, the Marine Bureau will hold the annual picnic at Tobay Beach Marina. Make sure you save the date and get yourself down there! Always a great day!

Until next time, fair winds and following seas.

ONLINE SCAMS

Online Scams are bilking thousands of people each year out of their hard earned money. Online scams and cyberattacks in the U.S. are surging, with over 22,000 AI fraud complaints costing nearly \$893 million, and nationwide digital fraud losses exceeding \$16 billion. Sophisticated groups use industrialized compounds for crypto investment fraud, while state-sponsored hackers and ransomware groups continuously target critical infrastructure.

THE CYBER THREAT

The mission of FBI Cyber is to impose costs on cyber adversaries through unique authorities, world-class capabilities, and enduring partnerships. Hijacked networks, cryptocurrency heists, and corporate espionage are but a few examples of the spiraling cyber threat. Every year, our adversaries become savvier and increasingly callous – attacking power grids, shutting down hospitals, and stoking geopolitical tensions. State-sponsored cyber actors wield every element of their national power to target the United States and its critical infrastructure. Skilled cybercriminals exploit new and longstanding vulnerabilities to steal our money and hold our data for ransom. Combating these threats is the primary mission of the FBI's cyber program. As the lead federal agency for investigating cyberattacks and intrusions, we engage with victims and work to unmask those committing malicious cyber activities, wherever they are. Learn more about nation-state cyber threats, how you can report cybercrime, and the Bureau's efforts to combat the evolving cyber threat.

A LARGER-THAN-EVER ATTACK SURFACE

Americans have benefited from unprecedented digital innovation – from smart cities to autonomous vehicles to AI-powered breakthroughs. But this expanding digital landscape creates a larger-than-ever attack surface for hostile actors. As we embrace these advancements, we

must also confront the growing threats posed by nation-states and cybercriminals alike. Countries such as China, Russia, Iran, and North Korea continue to carry out cyber intrusions targeting U.S. victims. Some nation-states have grown more ambitious in their cyber operations, burrowing deep into our critical infrastructure and private sector networks, seeking not just intelligence and intellectual property, but to establish destructive capability against our homeland. At the same time, ransomware attacks paralyze companies and wreak havoc across entire industries. The actors behind these schemes operate in a complex ecosystem of developers, affiliates, and service providers who are all constantly modifying their tactics and techniques. The FBI works tirelessly to engage with the public and private sectors – striving to develop strong connections and disseminate actionable threat intelligence to those who need it most. Information sharing is central to our mission. We leverage our domestic authorities to alert the public about new cyber threats and equip industry partners with threat-hunting guidance and mitigation measures. We push out advisories as quickly as we can, because indicators of compromise (IOCs) and adversary tactics, techniques, and procedures (TTPs) evolve rapidly.

HOW FBI CYBER WORKS

FBI Cyber is equipped with a highly skilled and strategically placed workforce, prepared to assist after a cyber incident in the United States and 20 countries. Our mission is rooted in service, driving us to share relevant information and practical tools that can help victims mitigate threats in real time.

With every engagement, we harness our partnerships, expertise, global footprint, and unique investigative and intelligence authorities to support victims:

The FBI has specially trained cyber squads in each of our 56 field offices, working hand-in-hand with interagency task force partners.

The FBI leads the National Cyber Investigative Joint Task Force (NCIJTF), a task force of more than 30 co-located agencies from the intelligence community and law enforcement.

The rapid response Cyber Action Team can deploy across the country within hours to respond to major incidents.

F TROOP HOCKEY CLUB CAPS SPRING SEASON WITH PLAYOFF PUSH, BUSY SUMMER AND FALL SCHEDULE

After all 3 Nassau Hockey Club teams (Cubs, Lions, F Troop) competed in the Spring Newbridge Playoff bracket, the start of summer means the end of another season...and more hockey!

The F Troop Hockey Club is gearing up for an exciting stretch of competition as the team prepares to hit the ice for two highly anticipated tournaments in the coming months.

The summer action begins with the **Warriors Summer Shootout**, scheduled for **August 7-9** at the **Northwell Ice Center**. The tournament will bring together military and first responder teams from across the region for a weekend of fast-paced hockey.

Following the Summer Shootout, F Troop will turn its attention to the 2nd annual **EMS Cup** on **September 14**. This event serves as a celebration of first responders and the hockey community, bringing together teams for a day of spirited competition and camaraderie.

Supporters, family members, and members of the hockey community are encouraged to come out and cheer on the team throughout the summer and fall.

Wishing all members a nice summer. The hockey season will pick back up in the fall!

Retiree Column

NCPD RETIRED

Good morning boys and girls. I hope that you are all enjoying your Retirement from the "Greatest Job on the Planet." For those of you that spend some of your time on FACEBOOK, I recently started a page called NCPD Retired and I am happy to report that as of this column we are up to a membership of 628. If you are interested in joining there are two questions that you must answer. 1 - What is your Serial Number and 2 - what Command were you in when you retired. This is necessary to weed out imposters and 'bots'.

PBA TOP COPS

On April 28, I had the opportunity to attend the Annual Top Cop Dinner which was held at Mulcahy's. The ceremony and the presentations were truly outstanding. The Best Pipes & Drums on the Planet were there and brought the house down.

Also honored that night, were those Members that have passed since last year's ceremony. Fourteen of which I had the pleasure of working with during my time in HPB.

If you have never attended this celebration, you are missing a great night of celebrating the Best / Finest / Bravest of those who walk amongst us. Keep a look out for the date of next year's event.
