

DIGIBEE MASTER SERVICES AGREEMENT

This Digibee Master Services Agreement ("**MSA**") is made by and between Digibee Inc., with its principal place of business at 2500 Weston Road, Suite 105, Weston, Florida, United States, 33331 ("**Digibee**"), and the customer identified on the applicable Order Form ("**Customer**", or "**you**"), which are incorporated herein by reference (this MSA, together with the Addendum, the SLA, the DPA, the applicable Order Form and any other documents referenced herein are collectively hereinafter referred to as the "**Agreement**").

Digibee and Customer may be hereinafter referred to as the "**Parties**" and individually as a "**Party**". The Agreement is effective as of the Start Date set forth in the Initial Order Form signed by the Parties ("**Effective Date**").

DEFINITIONS.

"Authorized User": a natural person who uses the Digibee Platform with the proper authorization of Customer or Digibee.

"Capsule": An organized chain of commands designed for reuse that embeds security, transforms data, and/or enriches data on the Digibee Platform that runs inside a Pipeline. A Capsule cannot be deployed on its own, and it must be used inside a Pipeline.

"Digibee Integration Platform": The proprietary Digibee platform that is made available on a paid subscription basis by Digibee or one of its affiliates via the customer login link at <https://www.godigibee.io> and/ or other web pages designated by Digibee or one of its affiliates, including associated offline components (<https://digibee.com/low-code-platform-overview/>).

"Environments":

"Test Environment": A computing environment on the Digibee Platform that processes Pipelines in order to allow for the testing of integrations in real time using real data.

"Production Environment": A computing environment where Pipelines and Capsules are actually put into operation on Production for their intended uses by Authorized Users or systems.

"Pipeline": An organized, connected chain of commands and/or Capsules that distributes data, embeds security, transforms data into the desired outcome, and/or leverages enrichment logic across systems within the Digibee Platform.

"Pipeline Deployment": The act of selecting a Pipeline on a given version and publishing it on an Environment (Test Environment or Production Environment) so it can execute the chain of commands and/or Capsules.

"Pipeline Major Version": Specifies the version component that controls the breaking changes to a Pipeline, i.e., changes that would make two major versions incompatible in terms of the exposed APIs, behavior, or output.

"Pipeline Minor Version": Specifies the version component that controls the changes that do not make two different minor versions with the same major version incompatible in terms of the exposed APIs, behavior, or output.

"Pipeline Version": A number (E.g.: 1.2) that represents the unique state of a Pipeline. Digibee follows a simplified Semantic Versioning (www.semver.org) scheme with only the MAJOR and MINOR components. Digibee does not support "additional labels for pre-release and build metadata" and MAJOR versions start with 1. For each Pipeline Subscription, only one Pipeline Major Version can be active in a given Environment at a given time.

"Realm": A tenant in Digibee's SaaS environment designated to build, run, and monitor Pipelines for a particular customer. The execution plane of the tenant is isolated from other tenants as each Pipeline will run on its designated runtime engine. Some components might share functionality between tenants at Digibee's discretion, however privacy and security considerations are applied.

"Replica": An exact copy of a Pipeline deployed into an Environment to increase capacity that is used for the exact same purpose as the original Pipeline.

"Unique Integrations Flow": A business or technology necessity to capture, transform and/or deliver data from a source to another. Unique means a single Pipeline on a specific version.

"Consumption Model": Licensing of the Digibee Integration Platform ("Platform") with pricing model based on consumption measured by: (i) GB-seconds of Pipeline Execution; (ii) number of Pipeline Executions; and (iii) amount of bytes of Egress Traffic. The Customer will purchase consumption credits that can be used during the contracted term, as defined in each Order Form.

"GB-Second": A metric used to calculate the total execution time of a Pipeline Instance (uptime) which includes: i) the time required for the availability of the Pipeline Instance; ii) the time required for processing the Pipeline Executions; iii) idle time between Pipeline Executions; iv) the maximum idle time indicating the need to terminate the Pipeline Instance; and v) the time to terminate the Pipeline Instance.

"Pipeline Execution": A metric used to calculate the total number of Pipeline triggers that have completed processing successfully or failed.

"Egress Traffic": A metric used to calculate the total bytes of Egress Traffic transferred between the Pipeline and external systems outside the Digibee Platform, including but not limited to: access to any systems exposed to the Internet, access to Customer's networks via VPN or ZTNA, access to file storage systems in the Cloud, among others.

"Pipeline Instance": Refers to each replica of a Pipeline that is in operation at any given moment. During the deployment of a Pipeline in the Consumption Model, it is possible to define the minimum and maximum number of replicas that will be available according to the processing volume.

"Scale-to-Zero": A form of Pipeline Deployment where Digibee's architecture adapts to the Pipeline's processing volume, allocating Pipeline Instances and executing the chain of commands on demand.

"Always On": A form of Pipeline Deployment that performs the continuous and uninterrupted execution of the Pipeline's chain of commands with a fixed number of Pipeline Instances.

"Annual Commitment": Credits purchased by the Customer for use during subsequent 12 (twelve) month periods, starting from each Order Form Start Date.

"Total Commitment": The total credits purchased by the Customer for use until the End Date of each Order Form. If the term is 12 (twelve) months, the Total Commitment will be equal to the Annual Commitment. If the term is longer than 12 (twelve) months, the Total Commitment will be the sum of the Annual Commitments.

"Overage": Additional credits consumed by the Customer that exceed the contracted Annual Commitment and will be charged based on the Overuse Unit Price defined in the Order Form.

"Incentive Credits": Credits granted by Digibee to the Customer on a free and discretionary basis.

"Model Change": When a Customer who already uses the Digibee Integration Platform in the Pipeline Subscription model decides to migrate to the Consumption Model.

"Order Form": A document containing the contracted Annual and Total Commitment, Professional Services, term, amounts due, financial obligations, deadlines, and all commercial components agreed upon by the Parties, which, once signed, will produce binding effects.

"Initial Order Form": The first Order Form that contains all the information related to the Consumption Model contract and the initially agreed fees.

"Additional Order Form": Aims to amend the quantities, values, and term established in the Initial Order Form.

"Single Tenant": An exclusive environment within Digibee's cloud environment whose components are not shared with other customers.

"Professional Services": Services that may be purchased by Customer and provided by Digibee, as stated in an Order Form and defined in the Professional Services Addendum available in the corresponding Order Form (**"Addendum"**). Customer's purchase of Professional Services, if any, is governed by this MSA, the Order Form, and the Addendum.

"SLA": The Service Level Agreement offered by Digibee for the availability of the Digibee Integration Platform is available at digibee.com/sla-2024.

"Support Services": Digibee's maintenance and support for the Digibee Integration Platform as stated at digibee.com/sla-2024.

1. Object and Nature of the Agreement.

1.1. The object of the Agreement is the licensing for the use of the Digibee Integration Platform for the fees set forth in the applicable Order Form(s), as well as the provision of Professional Services set forth in the applicable Order Form(s). You must purchase a Pipeline Subscription pursuant to an Order Form in order to have the right to the Support Services, as well as the right to purchase Professional Services described in one or more Order Form(s) from Digibee. Customer may choose between using the Digibee Integration Platform in Digibee's cloud environment, whether Single Tenant or multi-tenant (**"Digibee Environment"**), which will be defined in the respective Order Form.

1.2. During the applicable Order Form Term Digibee grants access to you and your Authorized Users in a non-exclusive, revocable, limited, non-transferable, non-sublicensable manner, to use the Digibee Integration Platform solely for your internal business purposes.

1.3. The Agreement gives you the following rights:

- 1.3.1. Access to the Digibee Integration Platform to create your own integrations; and
- 1.3.2. Onboarding, training, and Support Services as described in the SLA.

1.4. You acknowledge and agree that the Digibee Integration Platform is not:

- 1.4.1. Infallible. Interruptions may occur from time to time;
- 1.4.2. A software development platform or a software factory;
- 1.4.3. A perpetual or exclusive license;
- 1.4.4. A service platform, but rather, the Digibee Integration Platform is a technical integration platform that contains Support Services inherent to it;
- 1.4.5. A data storage platform;
- 1.4.6. A service that outsources professionals to the Customer; and/or
- 1.4.7. An integration outsourcing service.

1.5. In addition to this MSA, access and use of the Digibee Integration Platform by you and your Authorized Users will at all times be subject to the Terms of Use, which are set forth on the Digibee Integration Platform and integrated herein (**"Terms of Use"**). In the event of any conflict between the terms of this MSA and the Terms of Use, the terms of this MSA shall control. You agree that you and your Authorized Users will review and abide by the Terms of Use and the Agreement and that Authorized Users will act at all times with respect to the Digibee Integration Platform on your behalf and under your direction. Notwithstanding the foregoing, you will (a) remain responsible for all obligations under the Agreement arising in connection with any use of the Digibee Integration Platform by any other person or entity authorized by, through or as a result of your act or omission of (**"Other User"**), including without limitation any Authorized User; (b) be

liable for any act or omission by any Other User, which, if performed or omitted by you, would be a breach of the Agreement; and (c) any such act or omission of any Other User will be deemed to be a breach of the Agreement by you.

1.6. Digibee may engage its affiliates and/or subcontractors to support Digibee in its performance of the Agreement. Digibee shall identify such affiliates and/or subcontractors for Customer promptly upon request. Notwithstanding the foregoing, Digibee shall be responsible for all acts and omissions of any such affiliates and/or subcontractors as it is for its own acts and omissions. Digibee remains fully responsible to Customer for the performance of its obligations under the Agreement.

1.7. The Customer will have visibility of the usage and consumption of its Commitment within the Platform. The Customer will be solely responsible for continuously monitoring and effectively managing the use and consumption of its Commitment, exempting Digibee from any liability regarding the control and destination of its Commitment, which cannot be contested.

1.7.1. The Customer's Test Environments use also consumes the contracted Commitment.

1.7.2. The customer's Commitment cannot be reduced after the signature of the corresponding Order Form.

1.8. In case of Overage, the Customer will automatically consume more credits at the Overuse Unit Price defined in the Order Form.

1.8.1. The Platform automatically calculates the Overage from the moment no more credits are available until new credits are added to the Platform.

1.8.2. Any total amount of Overage consumed by the Customer (i) will be billed monthly by Digibee; and (ii) must be paid by the Customer within 30 (thirty) days of receiving the corresponding invoice, to avoid suspension of the Platform.

1.9. The purchase of additional Commitments must be formalized by signing an Additional Order Form by both Parties, subject to the rules set forth in this MSA.

1.9.1. After signing the Additional Order Form, Digibee will have up to twenty-four (24) hours to add the credits to the Platform, at which time the Overage billing will be effectively suspended.

1.9.2. To avoid doubt, the use of Overage does not depend on the signing of an Additional Order Form.

1.10. A benefit of 1.2 TB of annual Egress Traffic will be granted to the Customer for every U\$25,000.00 (twenty-five thousand dollars) of Annual Commitment contracted ("**Egress Benefit**").

1.10.1. Once the Egress Benefit credits are exhausted, each additional GB of Egress Traffic will be charged based on the Unit Egress Traffic Price and deducted from the contracted Total Commitment. If no more Total Commitment credits are available, the additional GB of Egress Traffic will be charged based on the Unit Egress Traffic Price.

1.10.2. As a policy for launching the new Consumption Model, the Egress Traffic metric will not be charged until September 1, 2025. After that date, a fee of U\$0.50 (fifty cents of a dollar) per GB ("**Unit Egress Traffic Price**") will apply until the end of the term defined in the corresponding Order Form.

1.11. Incentive Credits, when and if granted, will be described in the Order Form and will be consumed by the Customer after consuming the Annual Commitment and before incurring Overage, if applicable. The Customer must consume the Incentive Credits within a period of 12 (twelve) months. Incentive Credits shall expire at the end of such a period, without the possibility of any compensation to Customer.

2. Prices and Payment Methods.

2.1. All commercial and financial conditions are specified in the applicable Order Form(s) executed by you and Digibee.

2.2. If you fail to pay any charges when due, Digibee may, in its sole discretion, elect to suspend access to the Digibee Integration Platform and any other Support Services or Professional Services under the Agreement, and Digibee's suspension of the Digibee Integration Platform and any other Support Services or Professional Services under this Agreement does not relieve you of any of your obligations under the Agreement. You agree to pay all costs and expenses (including reasonable attorneys' fees) incurred by Digibee in connection with collecting any amounts due and payable by you under the Agreement.

2.3. The fees do not include taxes. You will be responsible for and hold Digibee harmless against the payment of all taxes associated with the Agreement (other than taxes based on Digibee's gross receipts or net income).

2.4. For cases in which the Platform is contracted via marketplaces, Customer shall make payments within the due dates specified in the corresponding Order Form through the Azure, AWS, or GCP marketplace ("Marketplace").

2.4.1. Digibee will issue a Private Offer through the Marketplace, enabling Customer to make payments under the terms agreed in the corresponding Order Form.

2.4.2. If unforeseen circumstances prevent payments through the Marketplace, the Customer shall pay Digibee directly to avoid any suspension of the Platform.

3. Customer Limitations.

3.1. You shall not, directly or indirectly:

- 3.1.1. Sublicense, sell, transfer, or distribute the rights provided for in the Agreement without the written consent of Digibee;
- 3.1.2. Perform works derived from the software, reverse engineer or decompile any component of the Digibee Integration Platform;
- 3.1.3. Copy any resource, function, or graphic of the Digibee Integration Platform;
- 3.1.4. Use the Digibee Integration Platform illegally or for any purpose not permitted by Digibee;
- 3.1.5. In any way interfere with the integrity or performance of the Digibee Integration Platform;
- 3.1.6. Use the Digibee Integration Platform for the purpose of product benchmarking, competition research, or any other comparative analysis without the prior consent of Digibee;
- 3.1.7. Perform any penetration test (Pentest) without the written consent of Digibee;
- 3.1.8. Fail to pay the amounts set forth in the applicable Order Form(s);
- 3.1.9. Remove, delete, alter, or obscure any trademarks, Documentation, Terms of Use, warranties or disclaimers, or any copyright, trademark, patent, or other intellectual property or proprietary rights notices from the Digibee Integration Platform or Digibee Materials, including any copy thereof.

4. Digibee Commitment.

4.1. Digibee will exercise commercially reasonable efforts to keep the Digibee Integration Platform available twenty-four (24) hours a day, seven (7) days a week, in accordance with the SLA. The SLA is not applicable if you choose to use the Digibee Integration Platform on your Private Cloud.

4.2. If you choose to use the Digibee Integration Platform in the Digibee Environment, Digibee warrants that the Digibee Integration Platform will operate in accordance with the documentation provided by Digibee in all material respects.

4.3. To the maximum extent permitted by applicable law, except for the express warranty set forth in Sections 4.1 and 4.2 above, the Digibee Integration Platform is licensed "as is" and Digibee:

- a) does not provide any additional representations or warranties, whether express, implied in fact, or by operation of law or legal, in relation to any subject whatsoever;

- b) disclaims all warranties, whether express or implied, without limitation, including any warranties of non-infringement, merchantability, fitness for a specific purpose;

4.4. Customer has no right to make or transmit any representation or warranty on behalf of Digibee to any third party.

5. Indemnification.

5.1. Digibee shall indemnify and hold you harmless, defend you against, pay any final judgments awarded against you, and pay your reasonable costs and attorneys' fees resulting from any claims, liabilities, losses, suits, and damages asserted by a third party based on Digibee's alleged infringement of any copyright, trademark, or trade secret of such third party under the laws of the United States arising out of the Digibee Integration Platform, unless and except to the extent that such infringement is caused by:

- (i) modification of the Digibee Integration Platform by anyone other than Digibee;
- (ii) Digibee's compliance with your unique specifications or instructions;
- (iii) Digibee's use of trademarks, data, or other materials supplied by you;
- (iv) use of the Digibee Integration Platform in connection or in combination with equipment, devices, or software not provided by Digibee (but only to the extent that the Digibee Integration Platform alone would not have infringed);
- (v) the use of the Digibee Integration Platform other than as permitted under this Agreement or in a manner for which it was not intended; or
- (vi) use of other than the most current release or version of the Digibee Integration Platform (if such claim would have been prevented by the use of such release or version).

5.2. If the Digibee Integration Platform becomes the subject of an infringement claim under Section 5.1, or in Digibee's opinion, is likely to become the subject of such a claim, then Digibee may, at its option and in its sole discretion, (A) replace or modify the Digibee Integration Platform to make it non-infringing or (B) procure the right to continue using the Digibee Integration Platform. If neither alternative is available on commercially reasonable terms, Digibee shall have the right to terminate the Agreement and refund a pro rata portion of any fees paid for the Digibee Integration Platform. The foregoing obligations will be your sole and exclusive remedy for any claims of infringement.

5.3. You shall indemnify and hold harmless Digibee, its officers, agents, employees, affiliates, subsidiaries, assigns, and successors in interest from, defend Digibee against, pay any final judgments awarded against Digibee, and pay all of Digibee's reasonable costs and attorneys' fees resulting from any claims, liabilities, losses, suits, and damages asserted by a third party based on:

- (i) your improper or misuse of the Digibee Integration Platform, the Support Services, and/or Professional Services (including, without limitation, in violation of applicable laws, rules, or regulations or the Agreement);
- (ii) Digibee's compliance with your instructions;
- (iii) Digibee's use of trademarks, data, or other materials supplied by you;
- (iv) any breach or alleged breach by you of the Agreement; or
- (v) the conduct of any business in connection with the use of the Support Services, Professional Services, or the Digibee Integration Platform.

5.4. If any third party makes a claim covered by Section 5.1 or Section 5.3 against an indemnitee with respect to which such indemnitee intends to seek indemnification under this Section, such indemnitee shall give notice of such claim to the indemnifying Party, including a brief description of the amount and basis therefor, if known. Upon giving such notice, the indemnifying Party shall be obligated to defend such indemnitee against such claim and shall be entitled to assume control of the defense of the claim with counsel chosen by the indemnifying Party. The indemnitee shall cooperate fully with and assist the indemnifying party in its defense against such claim in all reasonable respects. The indemnifying Party shall keep the indemnitee fully apprised at all times as to the status of the defense. Notwithstanding the foregoing, the indemnitee shall have the right to employ its own separate counsel in any such action, but the fees and expenses of such

counsel shall be at the expense of the indemnitee. Neither the indemnifying Party nor any indemnitee shall be liable for any settlement of an action or claim effected without its consent. Notwithstanding the foregoing, the indemnitee shall retain, assume, or reassume sole control over all expenses relating to every aspect of the defense that it believes is not the subject of the indemnification provided for in this Section.

6. Term, Renewal, Suspension, and Termination.

6.1. The term of this MSA shall continue from the Effective Date until the earlier of (a) expiration of all Order Forms referencing this Agreement or (b) termination of the Agreement as provided in the Agreement.

6.1.1. The Initial Order Form shall continue for the term set forth in the Initial Order Form (the “**Order Form Initial Term**”). Unless otherwise set forth in the applicable Order Form, the Order Form Term of each Additional Order Form will follow the expiration date of the Initial Order Form.

6.2. For terms longer than 12 (twelve) months, if the Customer does not use the total of its Annual Commitment within the 12 (twelve) month period, it may use the unused credits in subsequent periods until the end of the term defined in the Order Form that originated the said Annual Commitment.

6.3. If the Customer does not use the Total Commitment during the contracted term in the corresponding Order Form, such credits will expire at the end of the said term without the possibility of reimbursement or compensation.

6.3.1. Any outstanding amounts related to the contracted Total Commitment in the expired Order Form must be paid by the Customer within 30 (thirty) days from the end of the term of the corresponding Order Form.

6.4. After the expiration of the Term provided for in the Order Form, the Parties may renew the licensing for the use of the Digibee Integration Platform by signing an Additional Order Form.

6.4.1. If the renewal Order Form is not signed by the Customer by the end date of the then contracted Term, the proportional value of the purchased Total Commitment corresponding to the period of delay shall be deducted from the Total Commitment itself.

6.5. Customers who continue to use the Digibee Integration Platform after the expiration of the Term of the corresponding Order Form will incur in Overage until an Additional Order Form is signed, subject to the provisions of Section 1.8.2. of this Agreement.

6.6. For Customers in Model Change at the time of renewal, if the renewal Order Form is not signed by the Customer by the end date of the then contracted Term, the proportional value of the purchased Total Commitment corresponding to the period of delay shall be deducted from the Total Commitment itself.

6.7. Each Party will have the right to terminate the applicable Order Form(s) upon thirty (30) days prior written notice if the other Party is in material breach of the Agreement and the breaching Party fails to remedy such breach within such notice period. Notwithstanding the foregoing, Digibee may terminate the entire Agreement and/or the applicable Order Form(s) upon written notice to you if:

- (i) you violate the scope or any restriction on your license under Section 3 above;
- (ii) you violate your obligations hereunder with respect to Confidential Information;
- (iii) a law is subsequently enacted that would render the continued provision of the Digibee Integration Platform, Support Services, or Professional Services illegal or commercially unreasonable; and/or
- (iv) If Digibee concludes, or has a reasonable reason to suspect, that you have breached Section 11.

6.8. Effects of Termination:

6.8.1. All Pipeline Subscriptions, Support Services, and/or Professional Services purchased will be canceled, and any outstanding Order Form(s) shall automatically terminate;

6.8.2. All content created by you within the Digibee Integration Platform will be deleted.

6.9. Termination of the Agreement or an Order Form for any reason other than Digibee's uncured breach or Digibee's voluntary termination will not entitle the Customer to a refund of any amounts paid.

6.10.1. Any outstanding amounts related to the contracted Total Commitment, as defined in each Order Form, must be paid by the Customer and received by Digibee within 30 (thirty) days of the termination date.

6.11. In the event of termination of this Agreement, for any reason, the provisions of Sections 1, 2, 5 to 10 shall remain valid and continue to bind the Parties.

7. Confidentiality.

7.1. "**Confidential Information**" means any and all information disclosed by each Party ("**Disclosing Party**") to the other Party ("**Receiving Party**") classified as confidential or not by the Disclosing Party, related to: (i) trade, industrial, or business secrets; (ii) financial data; (iii) accounting data; (iv) technical data; (v) commercial data; (vi) personal data of any nature.

7.2. The Receiving Party shall: (i) maintain and protect the confidentiality of the Confidential Information within a reasonable standard of care; (ii) use the information solely to fulfill the purposes for which the information was disclosed; and (iii) restrict access to confidential information only to individuals who have a need for such data to fulfill the purpose of this Agreement, provided that they are subject to confidentiality obligations which are no less restrictive than the confidentiality obligations set forth herein. The Receiving Party shall remain responsible for the actions and omissions of such individuals.

Notwithstanding the foregoing, the Receiving Party may disclose Confidential Information to the extent required by the Receiving Party's federal or state regulatory agencies, or a federal or state law or regulation, or a subpoena or court order or agency action that requires disclosure, provided, however, that, if disclosure of Confidential Information is required by any of the foregoing, the Receiving Party shall, unless prohibited by law, regulation or court or agency order, promptly notify the Disclosing Party and, at the Disclosing Party's request and expense, cooperate with the Disclosing Party's efforts, if any, to prevent or limit the disclosure.

7.4. Nothing in this Section shall be construed as a grant or assignment of any right or license in the Disclosing Party's Confidential Information. The Disclosing Party's Confidential Information shall at all times remain the property of the Disclosing Party. At any time the Disclosing Party reasonably requests, and in any event upon the termination or expiration of this Agreement, the Receiving Party shall, at the election of the Disclosing Party, promptly return to the Disclosing Party all Confidential Information of the Disclosing Party in the Receiving Party's possession or control, or certify in writing to the Disclosing Party that the Confidential Information has been destroyed, subject to any provisions in this Agreement regarding return or destruction of Your data or as otherwise agreed between the parties for the transfer of your data to a third party.

7.5. The Receiving Party acknowledges that the Disclosing Party has the right to take all reasonable steps to protect the Disclosing Party's Confidential Information, including, without limitation, seeking injunctive relief and/or any other remedies that may be available at law or in equity, all of which remedies shall be cumulative and in addition to any rights and remedies available by contract, law, rule, regulation or order. Any requirements for a bond in connection with any such injunctive or other equitable relief are hereby waived by both Parties.

8.1. For the purposes of the Agreement, Intellectual Property includes all rights to use or exploit trademarks, patents, designs, methodologies, courses, training materials, know-how, secrets, technologies, copyrights, software, codes, inventions, and knowledge owned, licensed, or developed by either Party or jointly.

8.2. Digibee retains exclusive ownership of the Digibee Integration Platform, including updates, Confidential Information, and all related materials provided to you in connection with the Agreement, except for your uploaded data (the “**Digibee Materials**”). You hereby acknowledge and agree that Digibee Materials constitute and contain valuable proprietary products and trade secrets of Digibee. The Agreement in no way limits or restricts Digibee or any of its affiliates from developing or marketing on their own or for any third party software or services, as from time to time constituted without payment of any compensation, or delivery of any notice, to you.

8.3. You acknowledge and agree that all general, anonymized, or otherwise aggregated information based on data or output from your or your Authorized Users' use of the Digibee Integration Platform are and will remain the property of Digibee.

8.4. To the extent that Digibee receives from you or any of its Authorized Users any suggestions, ideas, improvements, modifications, feedback, error identifications, or other information related to the Digibee Integration Platform or any other products or services (“**Feedback**”), Digibee may use, disclose and exploit such Feedback without restriction, including to improve the Digibee Integration Platform and services and to develop, market, offer, sell and provide other products and services.
