THE STORY

VYV Lighting Group Inc.

VYV Lighting Group is a Canadian lighting company built around one simple idea: great lighting should feel considered, refined, and accessible.

We design and supply lighting for the spaces people live in every day, from high-rise residences and custom homes to showrooms and large-scale developments.

Working across the trade, distribution, and design communities, VYV brings together thoughtful design, dependable performance, and real-world value.

Let's bring it to Light!

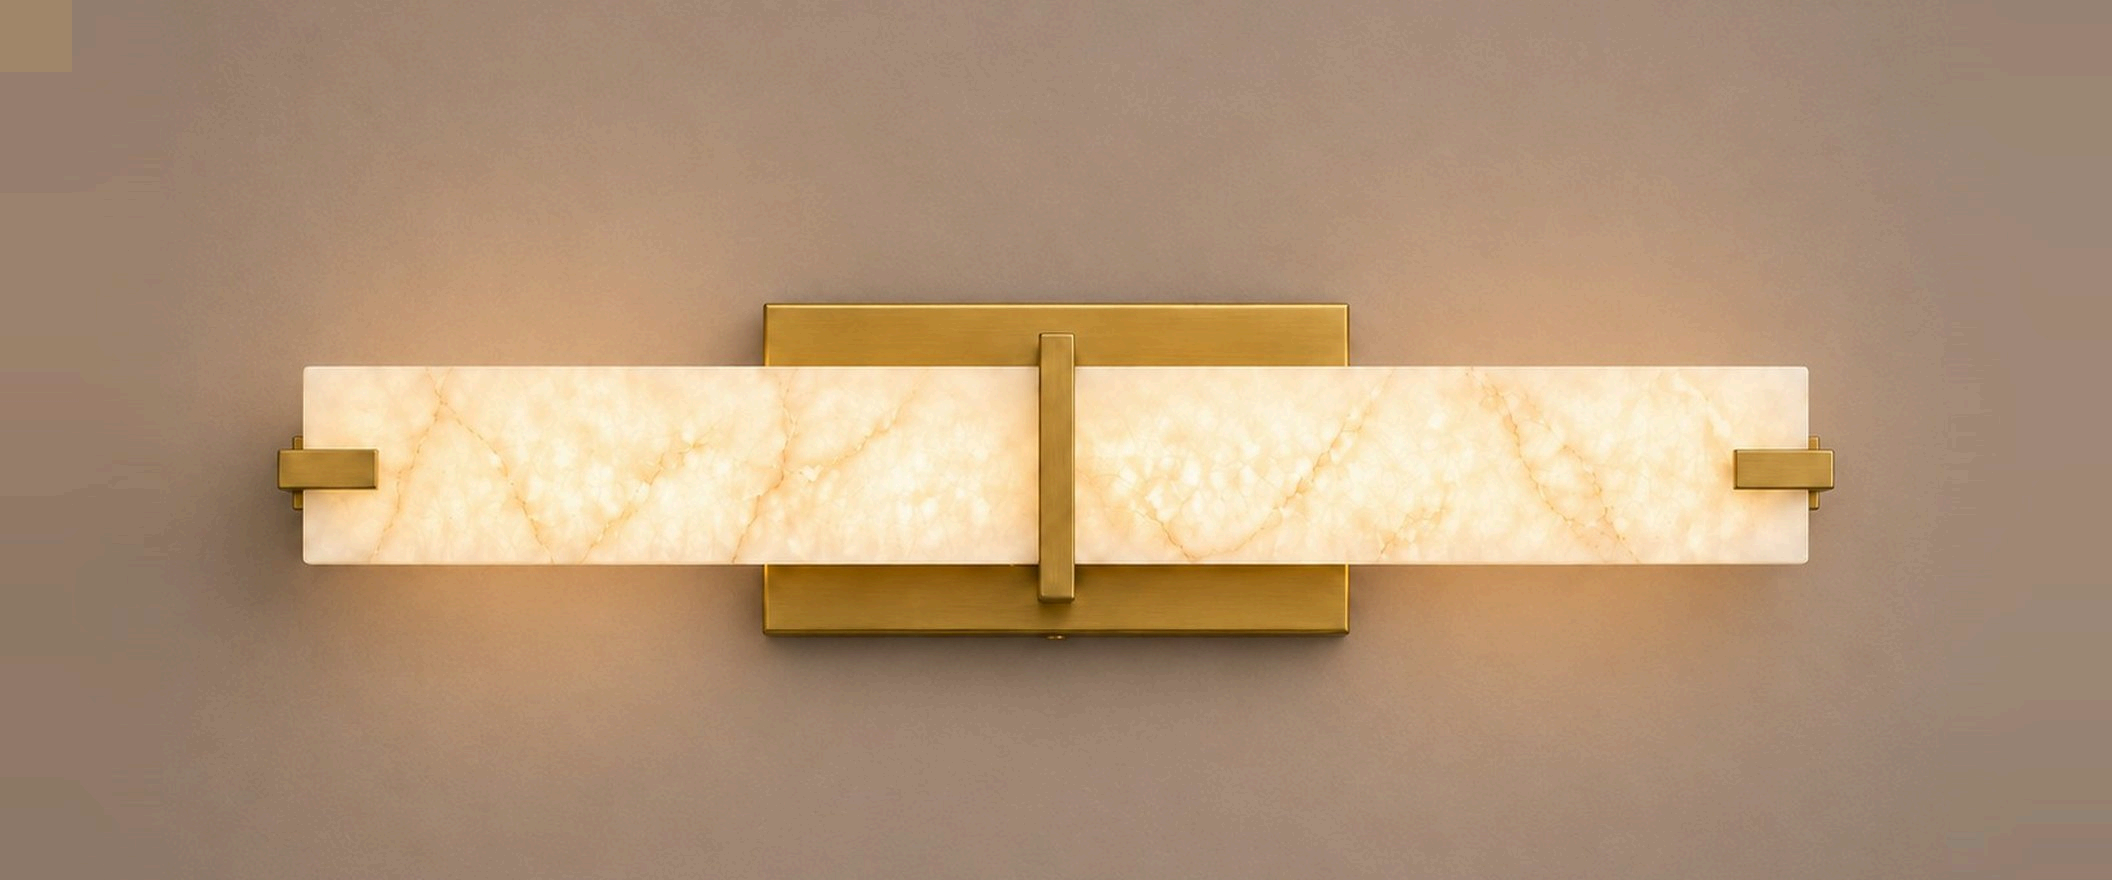

> *"Lighting has always been part of my family's story. VYV is my opportunity to honour that legacy while building something new, creating products, partnerships, and experiences that people can trust for generations."*
