The Wizarding Manor

Have you ever wanted to enter the world of your favorite wizardry series?

How about sleep in a nook under a flock of owls, with spell books surrounding you?

Or, pick out a magic wand from the wand store?

Or maybe you'd like to play on a top-of-the-line PS5 or Xbox, or on cool retro arcade racing game consoles? Just make sure none of the figures in the paintings or the wallpaper come to life when you're not looking!

And if you're brave enough, you can spend the night in our mysterious, haunted room, with its spooky wallpaper and twisted chandelier! The ghosts and spirits that flit in and out of here are friendly, though. At least...so far.

There's even a secret passageway that not everybody finds.

Or you can curl up with your family in our huge home theater (or have it all to yourself!) to marathon fantasy epic movies and shows! It's like a movie theatre in your house!

This enchanted house has everything, and it'll take you on a vacation experience where every detail is memorable. That's because even if you're not into sorcery, this house has the goods to make your stay magical!

After a long day sightseeing at Disney World or Universal Studios, you can swim and relax on the patio in your private, roofed-and-screened-in, and very mosquito-free pool area, or dine al fresco and cook out on the grill.

Or stay inside and hang out in the modern, open floor plan living room with an 85-inch 4K TV over the fireplace.

Then do game night or movie night upstairs!

When it's time to get some rest, head to one of six cozy bedrooms: one room with a king bed and a family bathroom on the ground floor, and three more luxurious, beautiful king suites upstairs.

The remaining two rooms are for kid-sorcerers in training: one room features a twin bed and a twin bunk, and the other room features two twin beds and two twin bunks, both with ensuite bathrooms and mystical decor!

If your vacation needs a magical boost, enter this enchanting encounter. It is full of little intricacies, magical knickknacks, and captivating characters.

This house is engineered from the ground up to be spellbinding!
