

BEAN GILL | TECHNICAL RIDER

Benveet “Bean” Gill

Technical and Additional Requirements

Please review and confirm all items below prior to the event. Questions can be directed to Bean's agent, Christa Habershtock at See Agency, bookbean@seeagency.com.

MICROPHONE

Wireless lavalier lapel microphone or headpiece microphone, with fresh batteries and a backup microphone, hooked into a house sound system or amp and speakers.

A/V TECHNICIAN

One hour prior for review of sequencing and mic check. Ten minutes prior to presentation. For audiences of 150+, an A/V technician must be present during the presentation.

SLIDE DECK

Bean presents with a slide deck from Canva. A/V setup must support sequencing and display prior to and during the presentation.

WHEELCHAIR ACCESSIBLE STAGE

Ramp access to stage from the side, minimum width of 32 inches, with a 1:12 slope ratio (one inch rise for every 12 inches of ramp length).

WHEELCHAIR ACCESSIBLE HOTEL ROOM

Accessible rooms required for all travel engagements. Key features include wider bedroom door for wheelchair access, roll-in shower, lower shelving, and multi-level door viewers.

ONE NON-NEGOTIABLE

If your stage has stairs and no ramp or lift, Bean has one simple request: send your hottest men. She'll handle the rest.
