OUR DECKING FEATURES

DROP-IN PANEL INSTALLATION

Sure Step Premier's drop-in panels offer quick, hassle-free installation, making it a top choice for easy decking setup.

STORM SURGE RESISTANT

Engineered with a proprietary pattern and 44% open tread, Sure Step Premier allows water to flow through easily, minimizing storm surge damage.

DURABLE AND LONG LASTING

Crafted from high-impact materials, our decking resists deflections, abrasions, and impacts, with an expansion system that preserves structural integrity.

ADA COMPLIANT

With a non-slip surface that meets ADA standards, Sure Step decking ensures safety and accessibility for everyone.

ENVIRONMENTALLY CONSCIOUS

Sure Step Premier features more open tread area to allow more light penetration and enabling natural habitats underneath to flourish.

GENTLE ON FEET

Our decking stays cool even on the hottest days and maintains excellent traction quality for a comfortable, safe walking experience.
