OUR DECKING FEATURES

REALISTIC WOOD GRAIN TEXTURE

Embossed wood grain finish offers a natural look, enhancing outdoor aesthetics with a premium feel.

SLIP-RESISTANT SURFACE

Slip-resistant texture provides a safer surface, ideal for wet or high-traffic outdoor environments.

SEAMLESS INSTALLATION

Hidden fastening system with automatic spacing and alignment makes installation smooth and efficient.

FADE & WARP RESISTANT

High UV protection and no wood fibers ensure resistance to fading, twisting, warping, and mildew.

STAYS COOL IN THE SUN

Specially engineered to stay cool under the sun, providing a comfortable surface even on hot days.

BUILT-IN EXPANSION SYSTEM

Self-contained expansion and contraction system keeps the decking stable and prevents shifts over time.
