OUR DECKING FEATURES

ENVIRONMENTALLY CONSCIOUS

Sure Step decking allows light penetration, making it ideal for marine and sensitive environments, minimizing impact on natural habitats.

DURABLE AND LONG LASTING

Crafted from high-impact materials, our decking withstands storm surges and minimizes wave and wind forces, providing strength and longevity in any weather.

STORM SURGE RESISTANT

Engineered with a proprietary pattern and open tread, Sure Step Plus allows water to flow through easily, minimizing storm surge damage.

GENTLE ON FEET

Our decking stays cool even on the hottest days and maintains excellent traction quality for a comfortable, safe walking experience.

ADA COMPLIANT

With a non-slip surface that meets ADA standards, Sure Step decking ensures safety and accessibility for everyone.
