

Want to *improve* an enterprise agreement offer like Victorian educators did? *Join the AEU today.*

When Victorian public educators made huge gains in their offer earlier this year, 80% of all teachers and support staff in the state were AEU members.

Big wins aren't given freely, they're fought for and won by a large and powerful membership.

That means everyone needs to help their colleagues join the AEU today so we can reach a strong density before bargaining starts.

If you're a leader, SSO, teacher, ECW, AEW, TRT, Swimming and Aquatics Instructors, or anyone working under the Schools and Preschools EA – join today. Your colleagues are fighting for your pay and conditions. Stand with them.

Public education has changed. It's time your pay and conditions caught up.
