Care at Home, Done Properly

Choosing care is a significant decision for any family. It can feel overwhelming, knowing what's right and where to begin.

We're here to make that simple, and to provide **peace of mind**.

At Blossom Healthcare Solutions we deliver **high-quality, personalised support**, enabling people to remain in the place they feel most comfortable – their own home – with the reassurance that care is provided **safely, to a high standard, and with kindness and compassion**.

Support Built Around You

Every person is different – so our daily interactions with you are based around your individual needs, your likes and dislikes, etc. Your care plan is tailored, and regularly reviewed.

- | | | |
|--|--|--|
|  Personal care
(washing, dressing,
toileting, etc) |  Mobility and
physical health
needs |  Palliative and
end-of-life care |
|  Medication support,
delivered safely |  Companionship and
social support |  Live-in care
(24-hour support) |
|  Dementia care |  Respite care for
families |  Complex care
(spinal cord injury,
tracheostomy, etc) |

Whether you need **a few visits a week or full-time care**, we adapt as your needs change – ensuring support remains **appropriate, bespoke, and effective**.

Why Families Choose Home Care

- ✓ Remain in familiar surroundings, with full control over daily life.
- ✓ One-to-one support tailored to routines, preferences, and personality.
- ✓ We carefully match carers to clients and maintain continuity wherever possible.
- ✓ Families can be as involved as they'd like, helping them to feel reassured.
- ✓ Only pay for the care you need, when you need it.
- ✓ Our team is trained, and they have clear processes in place to ensure safe and reliable care delivery.

“

I couldn't have asked for better end-of-life care for my mum over the last three months. The team showed great kindness and professionalism and it was a pleasure having them come into my home.

Ruth S (Daughter of Client/Service User)

”

“

Blossom carers are very well-trained and pleasant to deal with. They treat my mum with respect, talk to her cheerfully they take good care of her. They phone me keeping me informed. Very professional and do their best.

Agathoniky H

”

Specialist Dementia Support at Home

This requires **understanding, patience, and consistency.**

We provide:

- ✓ Structured routines and familiar environments
- ✓ Emotional reassurance and companionship
- ✓ Cognitive stimulation and engagement
- ✓ Safe, carefully monitored support tailored to each person's stage in the dementia journey.

Remaining at home can significantly reduce anxiety and confusion – helping your loved one feel **secure, and well supported.**

Our approach focuses on **dignity, continuity, and recognising each person as an individual**, not just their condition.

“

Blossom Healthcare were excellent in the care they gave my father. Very polite and nothing was a problem. Office staff were always at the end of the telephone, support and advice whenever needed.

Paul K

”

Live-In Care: 24-Hour Support at Home

For those needing more consistent support, live-in care offers a genuine alternative to a care home.

One of our dedicated carers lives in your home, providing:

- ✓ Continuous support and supervision
- ✓ Personal care and daily living assistance
- ✓ Companionship and reassurance
- ✓ Overnight support where required.

We carefully select and match carers, ensuring they are **competent, compassionate, and the right fit.**

We provide ongoing oversight to maintain high standards of care, and ensure measures are put in place if your presentation changes.

Our Live-In care service is **completely centred around you. No distractions because of a schedule.**

“

They went above & beyond, the carers made our lives much easier & happier too. They were very helpful all the time. I cannot say enough of how lovely & professional all of Blossom Care Solutions was.

Susan M

”

“

The Most perfect care company, they enabled my Dad to stay home. Adjusting his care needs making his last days the best possible where he always said he wanted to be.

Gill S

”

Specialist Complex Care at Home

For individuals with more advanced or clinical needs, we provide **specialist complex care** delivered safely within your home.

Our team is trained and supported to deliver care for a range of complex conditions, including:

- ✓ Neurological conditions and spinal injuries
- ✓ PEG feeding and nutritional support
- ✓ Tracheostomy care and airway management
- ✓ Epilepsy and seizure management
- ✓ Stoma care and continence support
- ✓ Skin integrity and pressure care.

We work closely with healthcare professionals to ensure care is **well-structured, clinically informed, and consistently delivered to a high standard.**

With the right support in place, many individuals with complex needs can remain at home whilst maintaining their **dignity, stability, and continuity of care.**

Fantastic carers, they showed so much love and cared for him perfectly. Honestly Angels and couldn't fault the in any way! We are all so very thankful for the care and support they gave us.

Whitehead Family

Getting Started is Simple

We believe arranging care should feel clear, reassuring, and uncomplicated.

Step 1

Initial Conversation

We take the time to understand your situation, needs, and concerns.

Step 2

Care Assessment

We carry out a thorough assessment, and then design a personalised care plan

Step 3

Care Plan & Matching

We carefully match you with the right carer and agree how support will be delivered.

Step 4

Ongoing Support & Review

We regularly review care to ensure it remains safe, effective, and right for you.

Throughout, you'll have **clear communication, consistent oversight, and a team you can rely on.**

Let's Talk About What You Need

Every situation is different. The right care starts with a conversation!
