IBEW Local 1238 Stands with IBEW Local 29

October 8, 2026

To the Brothers and Sisters of IBEW Local 29,

The officers and members of IBEW Local 1238 proudly stand with you in your fight for what every working family deserves: safe workplaces, the right to organize without interference, secure retirement benefits and retiree healthcare, fair wage increases, and affordable healthcare.

Your strike is about more than a contract. It is about protecting the dignity, security, and future of working people. By standing united, you are defending the rights that generations of union members fought to achieve and preserving them for those who will follow.

Know that you do not stand alone. The members of Local 1238 stand shoulder to shoulder with you and your families, inspired by your strength, courage, and solidarity. We are confident that your unity and determination will carry you through this fight and help secure the fair agreement you deserve.

Stay strong. Stay united. Stay IBEW.

In Solidarity,

Nicholas J Baronie
