WEN Care Circle

STANDING TOGETHER FOR ABORTION ACCESS IN FLORIDA.

2026

Vision

Every Floridian can access the abortion care they need and deserve.

Mission

The Women's Emergency Network (WEN) is a Florida-based fund that assists individuals in accessing reproductive healthcare services, specifically abortion and contraception.

Values

Adaptability: We will be flexible and creative in addressing community needs in a changing environment.

Intentionality: We will be deliberate in our efforts to ensure that our organization reflects – and is welcoming to – the diversity of our entire community.

Collaboration: We will work collaboratively with other abortion funds and similar partners, in service of our mission and vision.

Action Oriented: We focus on direct services and direct impact, and do so with an active and engaged board of directors.

Trust: We are here to serve those in need, without question or hurdles. We trust our clients to know what they need, and our clinics and partners to provide compassionate, patient-centered expert care.

WEN Support Services

WEN expands access to reproductive healthcare for people facing systemic barriers by providing direct financial and logistical support. Assistance is requested through a 24/7 online intake form designed to be simple, accessible, and client-centered.

ABORTION CARE FUNDING

Partial or full coverage of medication and procedural abortion costs, in coordination with other abortion funds across Florida and nationwide. **Average assistance is $250 for in-state care and $600 for out-of-state care.**

TRAVEL SUPPORT

Coordination and coverage of in-state and out-of-state transportation, including flights, train, and bus transportation. **Average WEN travel assistance provided $500.**

LODGING

Hotel accommodations arranged and covered for clients required to travel out of state for care. **Average WEN hotel assistance provided $300.**

LOCAL TRANSPORTATION

Rideshare to and from clinics and/or airports provided. **Average WEN rideshare support provided $170.**

CLIENT NAVIGATION AND REFERRALS

Connecting clients to clinics, hospitals and other support organizations based on specific client-needs and personal circumstances, focusing on medical complexity, minors needing to access care, people with disabilities, and undocumented individuals.

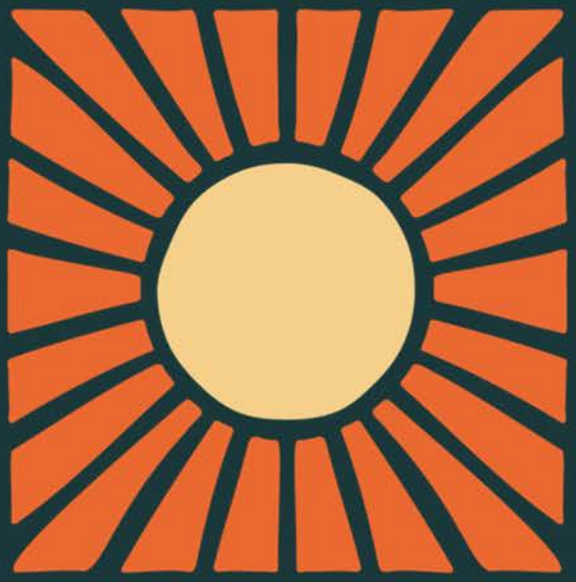

LANGUAGE ACCESS

Our team provides support in English, Spanish and French to ensure accessibility.

CHILDCARE

WEN helps offset the burden for clients that are worried about childcare while they go for their appointment(s). **We provide a stipend of $75 a day per child for every day they are away from home.**

Impact in Action

In 2025, WEN provided **$1.4M** to assist **5,900** Floridians in accessing and navigating abortion care.

18% were forced to travel out of state for care, of which 48% went to NY for care

- **In 2024, WEN provided $1.1M to assist 4,000 Floridians in accessing abortion care.**
  17% were forced to travel out of state for care, of which 50% went to NY for care
- **In 2023, WEN provided $300,000 to assist 900 Floridians in accessing abortion care.**
  8% were forced to travel out of state for care, of which 15% went to NY

Joining the WEN Care Circle

STANDING TOGETHER FOR ABORTION ACCESS IN FLORIDA.

Abortion access in Florida is complex, restrictive, and for too many, financially out of reach. WEN helps over 500 Floridians a month overcome the financial and logistical barriers that stand in the way of them getting the reproductive care they need and deserve. Whether they need assistance paying for an abortion, traveling out of state for care, or navigating an increasingly complicated healthcare system, WEN is there providing direct support.

Annual donors provide the stability that makes this work possible. By joining the WEN Care Circle, you give WEN the ability to plan ahead, respond quickly as circumstances change, and connect people in need to the support, resources, and care they deserve.

Your annual commitment helps us:

- Keep abortion care within reach for Floridians who could not otherwise afford it.
- Prepare for and respond quickly to changing barriers, including new restrictions, clinic closures, and increased travel needs.
- Provide dependable funding that allows WEN to make commitments to clients with care and confidence.
- Build a stronger, more sustainable abortion-access infrastructure for the years ahead.

The WEN Care Circle is a community of donors making an ongoing commitment to reproductive freedom and ensuring that Floridians can continue to access the abortion care they need and deserve, in and out of state.

SOME WORDS FROM FLORIDIANS WE'VE ASSISTED

"Finances have been extremely hard since the cost of living has gone up tremendously and I don't know how I would've been able to afford this without the help of your program. Your contribution is life changing and with that being said, I am looking forward to turning over a new leaf in my life and looking into getting enrolled in school so that I can make my life right for me and my two kids. Thank you again!!"

" I am a current part-time student as well as a single mom of a one-year-old. I work part-time but I am struggling to pay my bills and be able to provide for my son. I aspire to be able to finish nursing school and give my son the life he deserves. Thank you so much for your help!"

"Your assistance made it possible for me to access the care I needed, and I cannot overstate how much that meant to me. Because of the financial support you provided during this difficult and personal time in my life, I was able to make the best decision for my health and future without the added burden of financial stress. I am currently planning on going back to school to pursue my career in injectables and aesthetics."

Our partners are grateful for your support

"Working with WEN has been a wonderful experience! They are so quick to respond when we reach out to them as well as helping make sure the patients are getting the best care as possible! WEN helps our patients with getting help in and out of state, which makes it easier for them to obtain the care that they need."

— ALL WOMEN'S HEALTH CENTER, LAKELAND, FL

"WEN plays an integral role in making abortion accessible to our patients by both connecting them to care (in Florida and out of state) and subsidizing the cost of travel if they are forced to leave Florida due to the burdensome 6-week ban. Just this year, they extended their financial support to cover tubal ligations and IUD's for our patients! We now have a waiting list for patients desiring these long term and/or permanent methods of birth control.

WEN's unwavering commitment and support make working with them rewarding, and we look forward to many years of continued partnership. The leadership and integrity of their team has enriched an organization that exemplifies excellence."

— PRESIDENTIAL WOMEN'S HEALTH CENTER, WEST PALM BEACH (FL)

"[WEN is] wonderful to work with. They understand and are very accommodating to individual needs. They go beyond expectations."

— ALL WOMEN'S HEALTH CENTER, GAINESVILLE, FL
