

ELEGANCE COLLECTION

STRIPE CHEST OF DRAWERS

The furniture is tailored like an elegant club jacket. The hand-striped mahogany veneer is reminiscent of the exclusive fabrics of the 1920s.

The furniture top, with its visible wooden edge, is smooth and narrow around the perimeter. The insert in the tabletop is made of a user-friendly material, having a warm and pleasant texture.

The drawers can be locked with elegant chrome-plated keys. The high polish of the furniture enhances the holographic effect created by the natural lustre of the mahogany.
