Graduate Civil Engineer

JOB REFERENCE FUS-0117

LOCATION Maidstone

EMPLOYMENT Permanent

HOURS Full-time

THE CLIENT

FUSION is recruiting a Graduate Civil Engineer for a privately owned civil and structural engineering consultancy in Maidstone. The vacancy sits within its civils and drainage team.

The consultancy works across civil, drainage and structural engineering. For this vacancy, the client is specifically looking for a graduate who can show credible drainage work from university projects or relevant experience.

THE ROLE

This is a graduate-level appointment in the Maidstone civils and drainage team. Relevant experience is preferred, but it is not essential where you can provide good examples of university drainage work. You must already have the right to work in the UK, hold a driving licence and be based locally or willing to relocate to Maidstone.

KEY RESPONSIBILITIES

- Join the civils and drainage team and contribute to its engineering workload.
- Develop practical consultancy experience while building on drainage work completed at university or in previous employment.

REQUIRED EXPERIENCE

- Good examples of drainage work completed as part of university projects, unless you can demonstrate relevant professional experience instead.
- A driving licence.
- Existing right to work in the UK.
- Based locally to Maidstone or willing to relocate.

DESIRABLE EXPERIENCE

- Relevant civil engineering or drainage experience.

APPLICATION

Interested in this opportunity? Send your CV to contact@fusion-management.co.uk.
