

KODAK TYPE-C CARD READER

USB-C 3.2 Gen1 forCREATORS

Accelerate your workflow. Boost your speed, free your creativity.

Designed for demanding creators, it delivers high-performance for photo, video, and content creation. Engineered with proprietary ultra-speed technology, it enables maximum efficiency and instant offloading.

PROPRIETARY ULTRA-SPEED

Enables blistering transfer speeds up to 200 MB/s read and up to 180 MB/s write when paired with the Kodak forCREATORS compatible microSD card.

INSTANT 4K OFFLOADING

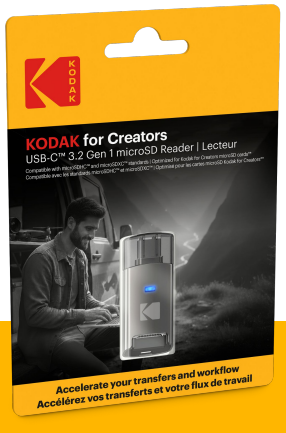

Built for high-pressure timelines, allowing pro creators to offload massive massive, high-bitrate 4K/8K UHD video files and RAW image batches in record time.

COMPACT & METAL DESIGN

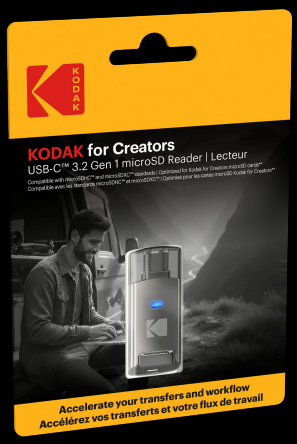

Compact, resistant and pocket-sized design built for studio setups or on-the-go travel kits.

SMART WORKFLOW INDICATORS

Dedicated blue LED status light provides instant, real-time visual feedback during data transfers, preventing accidental card ejections.
