

Manure Removal

Maintain Your Farm with Expert Manure Removal Services

Make Florida Express Waste and Recycling your first call for all your manure removal needs. We've been properly and safely removing manure since 1982 and are equipped for small and large cleanups with dumpsters of all sizes available. Our services can help you:

- Save time and labor
- Eliminate manure odor
- Reduce fly larvae
- Protect water quality
- Control and prevent parasites

The Florida Express Waste and Recycling Advantage

Scheduling - We'll haul when you call, or set up auto scheduling based on volume needs.

Reliability - Your satisfaction is paramount to our team. We have the largest fleet in our service area, so we're ready to serve whenever you need us.

Equipment - Our containers are clean and free from holes and damages — ensuring clean effortless removal.

Volume - Whatever you need, we've got you covered with a range of container sizes: 95 gallons, or 2, 4, 6, 8, 20, or 30 Yards -all available on a personalized schedule

What Clients Are Saying

Florida Express does a great job in picking up my manure dumpster- they always leave the area clean & nothing left on the ground. I would recommend them to all horse farms.

- George B.
