

Construction & Demolition Landfill

Efficient, Safe, Responsible & Budget-Conscious Landfill Services

At Florida Express Waste and Recycling, we want to help you save money. Since we own and operate our own landfill, we can provide consistently superior customer service at competitive rates. That means you get stellar, personalized attention to detail that's efficient and budget-friendly. In addition, we're committed to the safe and responsible management of our landfill. That's why we place a priority on recycling. Our professional and qualified staff members proactively take the necessary measures to recycle as much plastic, wood, metal, concrete, cardboard, and other materials as possible.

The Florida Express Waste and Recycling Advantage

Environmentally Responsible - We maintain our Landfill to the highest standards benefitting our customers and surrounding properties.

Convenience - Consistent hours of operation, efficient services, and located on the Southside of Marion County.

Our Commitment - Our facilities meet all certification requirements, and our landfills comply with regulatory requirements.

Safety - Expect nothing less. Our professionals ensure safe operations every step of the way.

What Clients Are Saying

To find a landfill for construction debris that Marion County residents trust most, contact Florida Express Environmental.
