

CONTENT CREATORS ASSOCIATION

The Professional Association for UK Digital Content Creators

The creator economy is booming, but creators are still expected to navigate contracts, pricing, copyright, late payments, brand deals and constantly changing platforms largely on their own.

The Content Creators Association was built to give UK digital content creators the support, community and collective voice they need to build successful, sustainable careers. We're looking for founding members to shape the CCA into a platform that truly supports creators.

Membership is FREE for your first year

Why Join?

As a founding member, you'll be able to:

- Grow** Develop your skills, audience and business while staying ahead of industry, platform and AI changes.
- Earn** Understand what to charge, negotiate better deals and discover new opportunities to increase your income.
- Protect** Access trusted guidance on contracts, copyright, payments, management and the challenges of running a creator business.
- Connect** Meet other professional creators, collaborate, attend events and join a community that understands the industry.
- Be Heard** Help shape the future of the creator economy and give creators a stronger collective voice with brands, platforms, advertisers, regulators and policymakers.

Stand together. Achieve more.

As a Founding Member, you won't just join the Association, you'll help build it.

Help shape the standards, support and representation creators deserve.

Founded by creators. Built for creators. Backed by industry.

Join the movement.
