

THIS IS BRISK

Create, give feedback, and adapt instruction
inside the tools you already use.

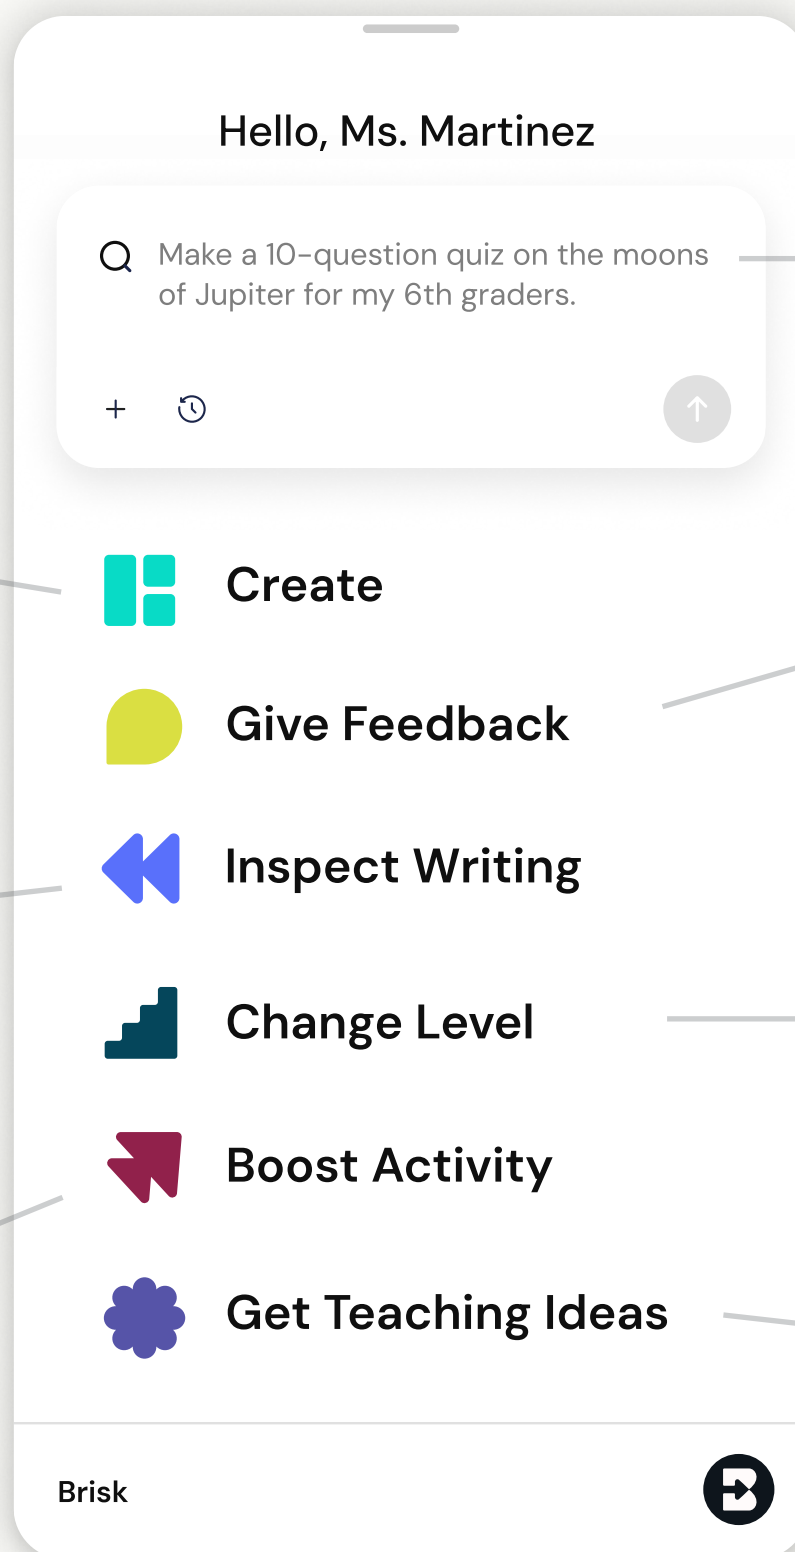

HERE'S YOUR MAP

Create any **educational resource** you need – lesson plans, quizzes, slides – in seconds.

Watch a **video playback** of each student's writing process to identify where they need support.

Turn any resource into **activities** that meet students where they are – exit tickets, debates, and more.

CUSTOMIZE WHAT YOU NEED

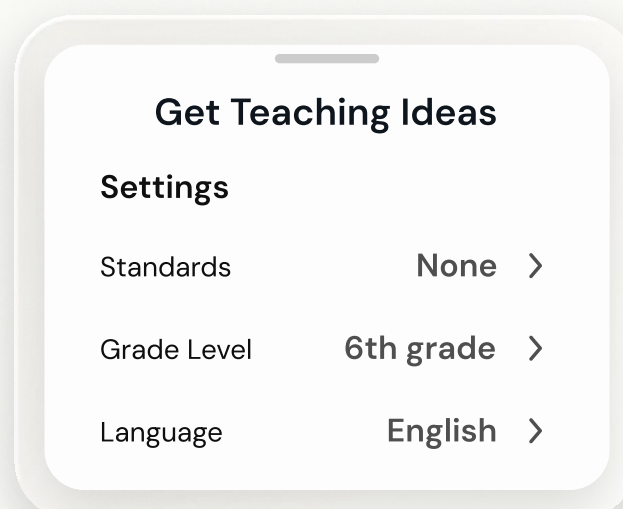

Ask for what you need in **your own words** – a quiz, a rubric, a reading passage – and Brisk builds it.

Give students **personalized feedback** on their work, so they can revise with confidence.

Reach all students by **adapting any text** to their reading level or translating to 50+ languages.

Get lesson recommendations, activities, and **assessments**, **specific to your class**.

Click any tool to select standards, grade level, and language before Brisk creates anything.
