

WHAT IS BRISK?

Teaching already takes everything you've got. Brisk gives some of it back.

Brisk is AI built into the tools you already use — Docs, Slides, YouTube, PDFs, even your curriculum. Install it once as a browser extension and it's just there, wherever you're working.

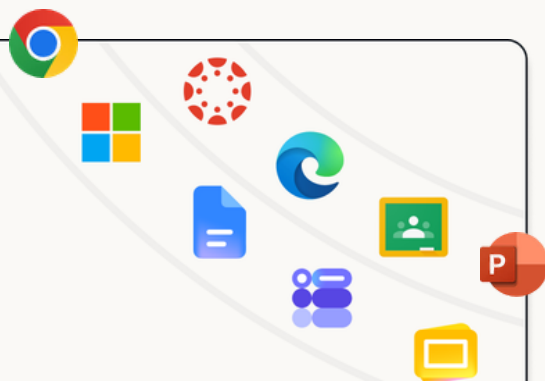

AI THAT WORKS WHERE YOU WORK

BRISK APPEARS RIGHT WHERE YOU'RE ALREADY WORKING.

Open anything — a YouTube video, a Google Doc, a student essay. A small Brisk button appears on your screen. Click it to build a lesson, give personalized feedback, or launch a student activity.

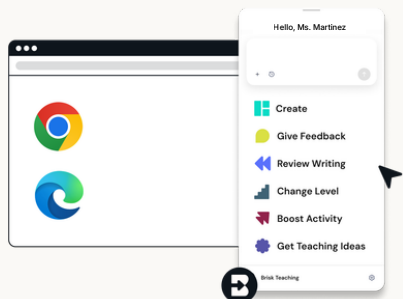

Everything saves straight to Google Drive or OneDrive, ready to make your own.

STEP 1: INSTALL THE EXTENSION

BRISK EXTENSION

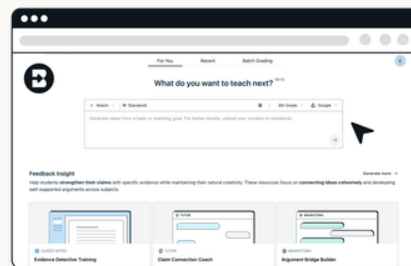

AI inside your browser. Build, grade, and differentiate right where you're already working. Just open Brisk and go.

STEP 2: ACCESS BRISK FROM ANYWHERE

BRISK ON THE WEB

Your home base for working at scale. Batch-create resources, review a full class set of writing, and see exactly what students need next.

ONE SIMPLE PLATFORM. 1000+ WAYS TO BRISK.

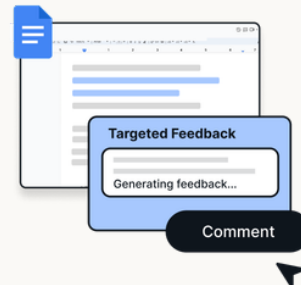

Everything you need to plan, teach, and support every student —
all from the tools you're already in.

CREATE

**Build what you need,
wherever you are.**

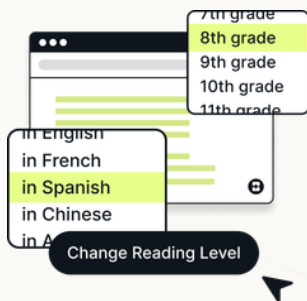

Any article, video, or PDF becomes a quiz, presentation, lesson plan, or podcast — with grade level and standards already built in.

GIVE FEEDBACK

**Spend less time grading,
more time teaching.**

Leave personalized comments on student writing — in your voice, at your standard — whether it's the first essay or the hundredth.

PERSONALIZE

**Engage every student,
every time.**

Adapt any text to multiple reading levels and languages, and launch interactive activities with guardrails you control.

PLAN WHAT'S NEXT

**Know what's working.
Know what's next.**

Understand how students are progressing across your class and get AI-powered suggestions for exactly what to teach next.

EVERY OUTPUT, CURRICULUM-ALIGNED.

Brisk gets smarter when it knows your curriculum. Curriculum Intelligence — available in Brisk's Intelligence plan — ensures every AI output is connected to your district's adopted materials, scope, sequence, and pacing.
