INTIMATE EVENTS

Private Dining

Tucked away from the main floor, Private Dining is a premium, considered space built for guests who want something more personal. Full table settings, candlelight and art-lined walls set the tone for an occasion that feels a cut above the everyday.

The room flexes with ease — from a close, candlelit dinner for two to a long table gathering for a larger celebration — making it just as suited to a milestone birthday as it is to a quiet night out.

PRIVATE HIRE

Kebab Queen

Kebab Queen is Le Bab's chef's table concept in Covent Garden — counter dining built around a plateless tasting menu of Levantine-inspired dishes. Guests sit inches from the open kitchen as Chef Pamir Zeydan and the team prepare each course, turning the meal into something closer to theatre.

The space is available for private hire year-round: Wednesday to Saturday for Pamir's tasting menu with wine pairings, or Sunday to Tuesday for dry hire or a Le Bab private dining takeover — suited to milestone celebrations, intimate corporate dinners, or anything out of the ordinary.

NETWORKING EVENTS

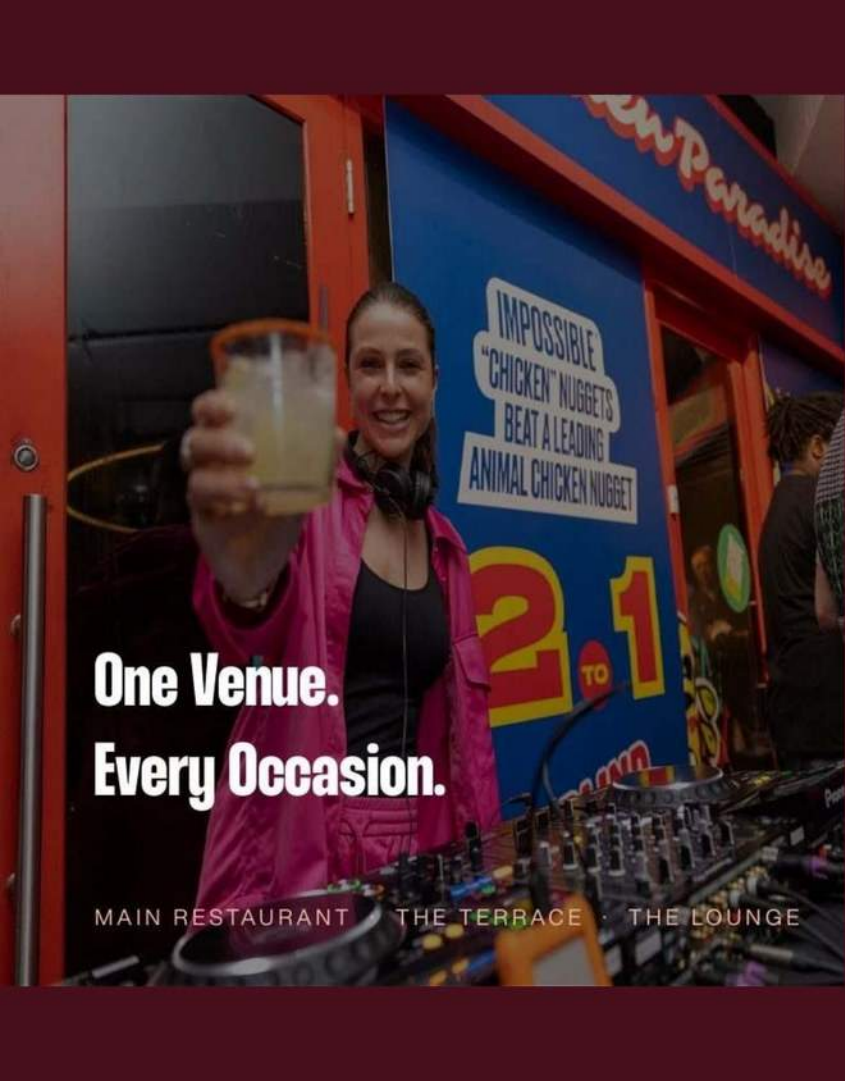

Corporate Drinks

From summer socials to end-of-quarter get-togethers, Le Bab's private enclosed terrace gives corporate groups a relaxed, informal setting for drinks and conversation — with flexible floor plans that adapt easily to standing receptions or a mix of seating.

Ideal for casual networking, team socials and after-work drinks, with no fixed seating required — just good company and an easy flow between inside and out.

MAIN RESTAURANT

Le Bab Soho

The story of Le Bab started right here. Tucked away on the top floor of London's iconic Kingly Court, our Soho location serves the hummus, the paneer kebab and the Dirty Bab — the food that contradicts the word on the door.

We've swapped out traditional, boring event spaces for a sleek, urban-chic venue powered by an open-fire kitchen, bold flavours, and great vibes.

The intimate, unpretentious space effortlessly accommodates up to 50 guests standing for lively drinks receptions or 30 guests for exclusive seated dining — designed to transition seamlessly from day to night. Bathed in bright natural light by day, the venue features floor-to-ceiling multi-pane windows that overlook the bustling courtyard below, plugging your event directly into Soho's legendary energy. As night falls, the space transforms into a glowing party hub — the hummus, the Dirty Bab and craft cocktails, at a kebab restaurant.

Perfect for late-night takeovers, the flexible floor plan and vibrant atmosphere keep the music and energy moving long into the evening.
