IMPROVING LIFE SKILLS & EMPLOYMENT POTENTIAL FOR OUR NATION'S YOUTH

Reclaiming the lives of at-risk youth, producing program graduates with the values, life skills, education and self-discipline to succeed as productive citizens.

YOUTH IN NEVADA

Nevada faces a significant youth risk crisis. Nearly 77% of high school students report experiencing at least one adverse childhood experience, while over 17,000

Nevada students experience homelessness annually. Mental health concerns are also rising, with 21% of Nevada teens reporting they have seriously considered suicide. These factors place Nevada among the top states in the nation for at-risk youth, highlighting the urgent need for mentorship, leadership development, and preventative intervention programs.
