Irrigation Water: The irrigation water pump was shut off on August 29th at 5:00 p.m. for the season. Thank you to everyone who helped conserve water throughout the irrigation season. If you need to use culinary water for outdoor watering, please continue to conserve and use water wisely. Remember: Bicknell Town's culinary water rates are based on a tiered structure. The more water you use, the higher your water bill will be. Conserving water not only helps protect our water supply, but can also help keep your water bill lower.

Website: We are currently in the process of having our website redesigned. If you have a business license with Bicknell Town and would like your business information included on the new website, there is a form available for you to complete. Please reach out to Carrie, and she can text you the link to the form. The link is also available on the Bicknell Town Facebook page. We encourage our local businesses to take advantage of this opportunity to help residents and visitors learn more about the businesses in our community.

Motorcycles: We have received multiple complaints about motorcycles being driven too fast, creating excessive noise, and being driven in areas where they are not permitted. Please be respectful of your neighbors and other residents by keeping speeds reasonable, avoiding unnecessary noise, and staying on designated roads. Please also be considerate of the time of day, especially during early morning and evening hours. Motorcycles are not permitted in the town park.
