

We are a movement of people coming together to create a California where we all have a roof over our heads, schools that provide a quality education, and programs & services that meet our communities' needs no matter the color of our skin, what's in our wallets, or who we love.

We take care of each other and keep us safe - please share this Toolkit with your loved ones and neighbors, and let them know how it helped you.

LA CLIMATE CRISIS

California is facing a climate catastrophe. The wildfires in LA are unlike anything we've seen before and many of us are suffering unimaginable losses. In times of crisis, community care and mutual aid are our strongest tools. We Are California and we got us!

ADVANCING JUSTICE

- Immigrant rights are human rights! We have the right to defend a future where we keep our families together.
- **Know Your Rights - When Approached by ICE**
- Do Not Open the Door (to your house or car)
- Do Not Answer Questions - Simply say: "I will be exercising my 5th amendment right to remain silent."
- Do Not Sign Anything - Simply say: "I need to speak with my attorney"
- Never give them false information. This is a crime.

HOUSING

Corporate real estate giants are pushing us out of our communities. They raise our rents and prey on bankruptcies to take our homes and make billions, while using their wealth to avoid accountability. Together, we have the power to defend our communities and create a California where all of us can thrive.

Spread Power Not Panic
 When you share unconfirmed ICE raids, you are spreading panic, preventing directly affected people from living their lives. Please follow these best practices:

- Take pictures and include the time and date stamp to help us keep track of when ICE shows up and leaves.
- U.S. citizens - here are some ways to stand up for our immigrant neighbors:
 - Voice out that ICE is present so others around you are aware.
 - If you are witnessing a possible ICE arrest, remind those that are being impacted about their rights to remain silent and request an attorney.
 - Document the interaction with your phone, record badge number, license plates, etc. & contact your local immigration advocacy group (see previous page).
