WORKPLACE FIRST AID

Supplemental Eyewash Cabinet

EWS-3100

Dust, pollen, and other everyday eye irritants don't always warrant an emergency response, but they do demand a quick one. This supplemental eyewash cabinet keeps two 16oz sterile eyewash bottles within easy reach, so your team can flush and get back to work fast.

Reserve your OSHA-compliant eyewash station for true emergencies. Strategically placed supplemental cabinets give team members an immediate, clearly marked solution for everyday eye irritation with no disruption or delay.

Includes two 16oz sterile squirt bottles of eyewash and eye injury kit

Features:

- Two easy-open 16oz sterile squirt bottles of eyewash
- Includes eye injury kit with protective first aid supplies
- Drop down dust cover for production environments
- Wall-mounted, durable, and highly visible industrial cabinet

Our Service Includes:

- Routine inspection at least monthly
- Replenishment of all depleted, expired, or soiled products
- Restoration of the cabinet to its original, just-installed condition
- All standard supply refills covered under a single, predictable flat rate
