

ASPIRING PLAN

Step inside to discover the heart of the home, where pitched ceilings throughout the living wing create a remarkable sense of space and light. The open-plan kitchen, dining and living area feels expansive and inviting, with seamless flow that makes everyday family life and entertaining equally enjoyable. For those who enjoy having a separate space to unwind, the dedicated media room offers the perfect retreat for movie nights, watching the big game or simply escaping the bustle of the main living area.
