

Gift of Shares

Share Transfer Instructions

1. We have enclosed our securities transfer form. Please use this form to identify the securities you wish to transfer including the number of shares and a full description. As this transfer takes place electronically, the **CUSIP and FINS numbers are important** and are usually provided by your investment advisor.
2. This form authorizes your investment advisor to transfer the securities **in-kind** from your account to our account. Your advisor usually requires an original signed copy of the form.
3. Please provide the name and contact information for your advisor so that we may contact them directly in the event of any delays.
4. The completed securities form **must be given to your broker to initiate the transfer**. Additionally, kindly scan a copy of the completed form and send via email to giving@yess.org. We will inform our Accounting Department so that they are aware of the pending transfer.
5. Canada Revenue Agency policy requires that the gift date and the amount of the charitable donation receipt be based on the date on which securities are received into the YESS account, not the date the transfer is initiated.
6. The transfers of different types of securities take different amounts of time, so we recommend that this process be started well in advance of the end of the year in which you wish the gift to occur. We suggest you initiate the transfer **no later than November 30**.

Individual circumstances may vary. We encourage donors to consult with their advisors before making a gift of shares.
