

Search Criteria

Search Specialty: Urgent Care Center

Location: San Antonio, TX 78230

Network: Blue EssentialsSM

Sorted By: Best Match

Applied Filters: Distance: 30 miles, People or Places: Places

Created on August 03, 2026

This document is provided as a convenience and not intended to replace the online Provider Finder experience which has greater functionality, more provider and facility information and important disclaimers. For example, if your search is an "All Plan/networks" search and includes providers located in California, this document may contain out-of-network providers.

Important Information

Your primary care practitioner (PCP) will coordinate all of your health care. You may select a geriatric, family or general practitioner, or a pediatrician, OB/GYN, or internist listed in this online directory. You may choose a personal PCP for each member of your family, or you may select the same PCP for the entire family.

Limited Provider Networks

Your primary care practitioner may belong to a limited provider network or association of health professionals who work together to provide a full range of health care services.

That means, when you choose your primary care practitioner, you are also choosing a network and in most instances you are not allowed to receive services from any physician or health care professional who is not also part of your primary care practitioner's network, unless services are not available in the limited provider network.

All of your care will be provided by or arranged for within the network to which your primary care practitioner belongs, so make sure that your primary care practitioner's network includes the specialists and hospitals that you prefer. To see if a PCP is in a limited provider network click on the provider's name.

The providers listed in the limited provider network: Renaissance Physician Organization Network is organized into multiple "PODS" (Provider Organization Delivery System). Please note: If you select a primary care practitioner with a limited provider network of Renaissance Physician Organization Network, all your medical care must come from the providers who are in the Renaissance Physician Organization Network and generally, from within your selected primary care practitioner's POD(s).

ATTENTION FEMALE ENROLLEES: For preventive care (well-woman exams), gynecological conditions or maternity care, female members may see a network OB/GYN without first obtaining a referral from the PCP. You are not required to select an OB/GYN; you may elect to receive your OB/GYN services from your PCP. If your PCP belongs to a limited provider network, you must see a network OB/GYN participating in the same limited provider network.

Provider data changes regularly. These results are accurate as of the date the PDF was created.
