

FREESTANDER

SWING DOOR

The Spartherm freestanding wood fire is modern and considered, with an innovative approach to design that showcases the superior quality we've come to expect from German craftsmanship.

Made to suit the refined aesthetic of compact spaces and apartment living, this modest and minimalist fire gives you an uninterrupted flame view and increased connection between the fire and the room.

SWING DOOR

SMALL FOOTPRINT

Compact and considered, the Spartherm Freestander is perfect for small spaces like modest townhouses, apartments, and luxury cribs.

MAXIMISED FLAME VIEW

Pared back metal detail provides a maximised flame view with modern, minimalist aesthetic that emphasises the connection between the fire and the room.

INNOVATIVE FUNCTION

The Spartherm Freestander does away with clunky, traditional fireplace handles with a smart self-latching door for easy operation.
