Assistant Principal Arroyo:

- Mr. Arroyo will explain the implementation of Yonder and aspects of Leader in Me.

Yonder is in over 250 NYC schools and we are starting this on Monday. We will have another option if they get lost or damaged. Students will have to hand their phone over to the office and then go there to collect at the end of the day. GRYC and all after school programs will also utilize the Yonder cases.

Leader in Me: Create leadership opportunities similar to *7 Habits of Highly Effective Leaders*. Implementation is a 3-5 year process. Create a Lighthouse Team to help get us started. Year 1: Direct lessons provided for SEL that align with 7 habits. Create more staff and student leadership. Student council, Debate club; transforming the physical space (cafe redesign). It's a process with a structure and builds on that year after year. We hope to increase attendance, student engagement and empower students. Look into providing training for parents as well. By next year, every class will include the lessons.

Builder's Club in GRYC includes several aspects of Leader in Me as well. Activities to help the community.

In 2 weeks a survey about LIM will go out to the community to address the biggest area of need.

Principal Pluviose:

- Parent Survey- for parent workshops; days/times are best. To increase parent involvement.

Carmen has transitioned to the Pupil Secretary, currently interviewing for Parent Coordinator.
