

Check the surface before you clean

A reusable care record for your home, cleaner or holiday-rental team.

Room / item: _____ Date: _____

1 / Identify

Material and finish: _____

Brand / model (if relevant): _____

Care instructions location / link: _____

2 / Confirm the method

- ☐ The care guide permits this cleaner on this exact surface.
- ☐ The product label covers this task; strength and dilution are confirmed.
- ☐ Contact time, rinsing and drying instructions are understood.
- ☐ Nearby finishes, seals and edges are protected from splashes.
- ☐ No other product or residue will be mixed with the cleaner.

Approved product / method: _____

Dilution / contact time (from instructions): _____

Rinse / dry requirements: _____

3 / Record and share

Test area and result (only if method is approved): _____

Avoid on this item: _____

Question for supplier / owner: _____

Never mix vinegar with bleach. Do not improvise mixtures of cleaning products.

If the surface or method is unknown, pause and ask. A spot test is not approval.
