LAB POLICIES

Case Submission: Digital scan records may be submitted directly from your intraoral scanner.

Prescription: Complete Rx, shade, material selection, and requested due date are required.

Turnaround: Standard turnaround varies by service and complexity. Rush service is subject to availability.

Remakes: Manufacturing-related remakes are completed at no charge. New scans, preparation changes, shade changes, or treatment-plan changes may incur additional fees.

Additional Charges: Shipping, applicable taxes, specialty implant components, and outsourced services are additional when applicable.
