

# PROJECT MANAGEMENT PROGRAMS

Be the person who leads complex projects with success and develop the targeted skills needed for major project leadership and management roles.

By studying project management, you will learn how to systematically break a larger problem or project down into smaller chunks of manageable work that will eventually lead to culminating into the completion of the entire project.

Employers are actively looking to fill many project management positions, especially since it's a growing industry. Many fields need highly skilled project managers, including: engineering and construction, healthcare, financial services, law and technology.

## What your future could look like

- Project Director
- Project Manager
- Project Management Section Leader

This qualification reflects the role of individuals who apply specialised knowledge and skills, together with experience in program management across a range of enterprise and industry contexts. The job roles that relate to this qualification include Program Manager. Individuals in these roles are responsible for managing or directing a program to achieve organisational objectives. A program is defined as a set of interrelated projects, each of which has a project manager.

Individuals at this level use initiative and judgement to direct, plan, and lead a range of program functions, with accountability for personal and team outcomes within broad parameters. They use cognitive and communication skills to identify, analyse and synthesise information from a variety of sources and transfer their knowledge to others, and creative or conceptual skills to express ideas and perspectives or respond to complex problems.

Licensing/Regulatory Information: No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements: Entry to this qualification is limited to those who have completed one of the following qualifications: BSB50820 Diploma of Project Management; or BSB51415 Diploma of Project Management (or a superseded equivalent version), or Have completed two years equivalent full-time relevant workplace experience at a significant level within a project or program environment within an enterprise.
