

THE ILIAD INTENSIVE & FELLOWSHIP

Four weeks of foundational AI alignment, then three months of mentored research. For mathematicians, physicists and theoretical computer scientists.

WHAT YOU'LL LEARN

Singular learning theory · Agent foundations · Computational mechanics · Mechanistic interpretability · AI and idealised agency · Training dynamics · Abstractions and Latents · Debate · Decision theory

THE INTENSIVE

4 WEEKS · TAUGHT COURSE

London & Berkeley/SF · monthly cohorts · no tuition · \$5,000/month allowance provided

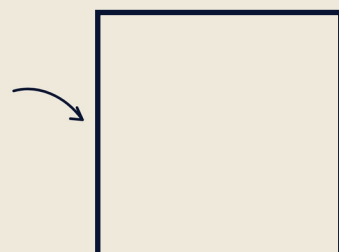

THE FELLOWSHIP

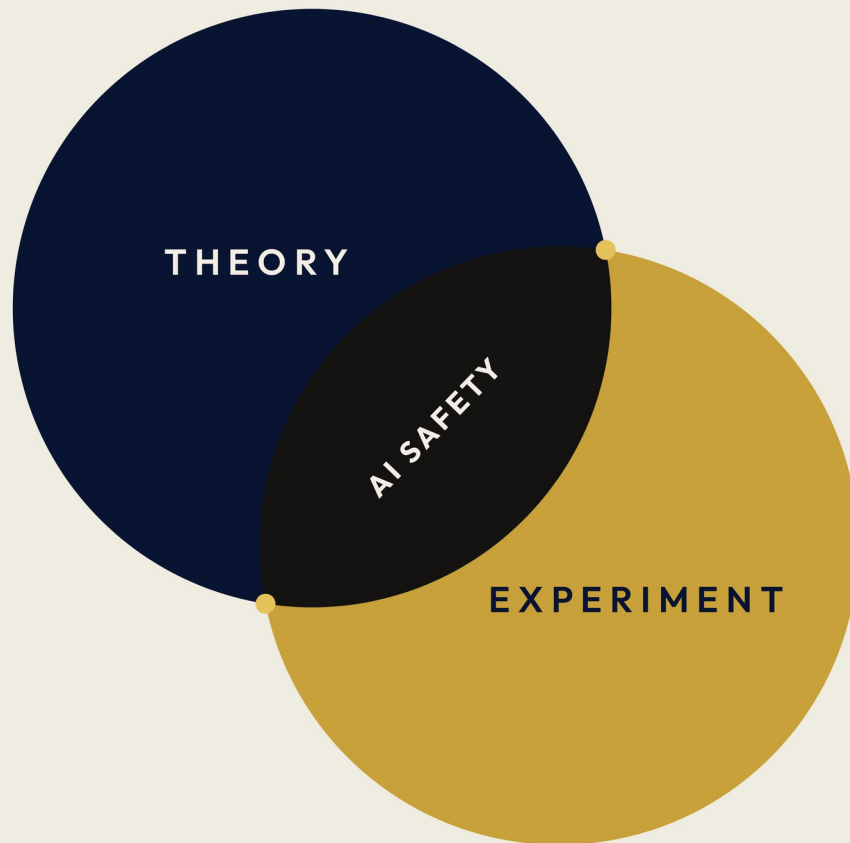

3 MONTHS · MENTORED RESEARCH

London & Berkeley/SF · monthly cohorts · \$6,000/month allowance provided

APPLY

One form covers both programmes.
Scan the code to apply.

Iliad develops AI safety as a theoretical and experimental science. Two programmes, one application.

THE INTENSIVE

Four weeks, full-time, in person. London & Berkeley/SF. Monthly cohorts. No tuition; \$5,000/month allowance provided.

THE FELLOWSHIP

Three months of mentored research in London & Berkeley/SF. \$6,000/month allowance provided. Monthly cohorts.

WHO IT'S FOR

Mathematicians, physicists and theoretical computer scientists moving into foundational AI alignment research.

APPLY 

One form, both programmes.

03

ALIGNMENT RESEARCH JOB

We'll help fellows with
placements in AI Alignment
orgs.

Runs several times a year · applications always open · one application covers both.

HELP US ALIGN AI

We need **mathematicians, physicists & theoretical computer scientists** to solve the most important problem of our time.

Alignment orgs.

We learned to split the atom.

Can we align intelligence?

Physics changed civilization.

AI may change it again.

Will you help steer it?

The Intensive: 4 wks · London & Berkeley/SF · \$5,000/mo allowance provided

The Fellowship: 3 mos · London & Berkeley/SF · \$6,000/mo allowance provided

Monthly cohorts · no tuition · one application covers both.

ILIAD

HUMANITY GETS ONE CHANCE TO BUILD SUPERINTELLIGENCE CORRECTLY.

*Help shape a future
worth inheriting.*

Two programmes, one application.

The Intensive — four weeks in London & Berkeley/SF. No tuition; \$5,000/month allowance provided.

The Fellowship — three months of mentored research in London & Berkeley/SF. \$6,000/month allowance provided.

New cohorts every month. One application covers both.
