PhaseWell RESEARCH

Built for the CNS studies that demand *more.*

The science is advancing fast. Study execution has to keep pace.

Today's CNS studies are increasingly defined by complex protocols, biomarker-driven endpoints, advanced imaging, and long-term follow-up.

PhaseWell is a multisite clinical research company built to advance them, pairing expert investigators with specialized infrastructure and experienced teams.

Proven where it matters.*

EXPERIENCE

525+
Completed CNS Trials

35+
Therapies Supported Through Approval

PERFORMANCE

85–90%
Average Patient Retention

Consistently
Exceeds Enrollment Targets

WORLD-CLASS RESEARCH

Landmark Alzheimer's Experience

PhaseWell participated in the clinical development of Leqembi® (lecanemab) and Kisunla™ (donanemab), two of the first disease-modifying therapies approved for Alzheimer's disease.

- ✓ Biomarker-driven protocols
- ✓ Infusion therapies
- ✓ Long-term patient follow-up
- ✓ Advanced MRI & PET imaging
- ✓ ARIA safety monitoring

Deep Expertise Across CNS Indications

Neurodegenerative Disease

Alzheimer's Disease
Mild Cognitive Impairment
Parkinson's Disease
Lewy Body Dementia
Movement Disorders

Psychiatry

Major Depressive Disorder
Treatment-Resistant Depression
Generalized Anxiety Disorder
Social Anxiety Disorder
Bipolar Disorder
Schizophrenia
ADHD
PTSD

Additional CNS Experience

Migraine
Neuropathic Pain
Chronic Pain
Sleep Disorders

*Combined experience across PhaseWell CNS sites.

PhaseWell RESEARCH

Investigator-Led Research

Every PhaseWell CNS study is led by a practicing specialist with deep, hands-on experience in the indications that define today's most complex trials.

160+ years of combined CNS research experience

Ashish Adlakha, MD
Chase Medical Research · Southwest Connecticut

Sidney Clevinger, MD
Renstar Medical Research · North Central Florida

Todd Knudson, MD
Bio Behavioral Health · Central New Jersey

John Nardandrea, MD
Renstar Medical Research · North Central Florida

Anette Nieves, MD
Renstar Medical Research · North Central Florida

David Oliver, DO
Renstar Medical Research · North Central Florida

Ashok Patel, MD
Bio Behavioral Health · Central New Jersey

Full-Service CNS Site Capabilities

- Specialized CNS Raters
- MRI & PET Imaging Partnerships
- Biomarker & Genetic Testing
- Lumbar Puncture Capability
- Infusion Services
- Dedicated Research Pharmacy
- Caregiver Support
- Quality-Driven Study Execution

Planning your next CNS study?
