

2027 AGBT General Meeting Contributing Sponsors

Join us for the Advances in Genome Biology and Technology (AGBT) 2027 General Meeting, featuring groundbreaking science and the latest advances in genomics. Organized by The Genome Partnership, a not-for-profit organization dedicated to advancing genome science and technology, the AGBT General Meeting is one of the most sought-after venues for showcasing your company, technologies, and products to a highly focused audience of global leaders, innovators, and decision-makers across the life sciences community.

Become a Contributing Sponsor by participating in our à la carte bidding process. Contributing Sponsorship opportunities provide flexible ways to enhance your meeting presence through branding, networking, attendee engagement, meeting space, and additional access to the AGBT General Meeting.

Contributing Sponsorship Process

Contributing Sponsor Bidding Window

Bids are **due by 11:59 p.m. CT, Tuesday, November 3, 2026.**

To submit your bid, please complete the bid sheet included in this packet, sign it, and return it via email to generalmeeting@agbt.org. You may bid on as many opportunities as you would like. For opportunities with multiple units available, indicate both your **unit bid amount** and the **number of units requested**. If awarded multiple units, your total sponsorship commitment will equal your unit bid multiplied by the number of units awarded.

You will receive an email confirmation that your bid has been received. If you do not receive confirmation within 24 hours, please email generalmeeting@agbt.org.

Bidding Process

Contributing Sponsorship opportunities will be awarded through a single-round à la carte bidding process. For opportunities with multiple units available, the highest bidder will receive first selection, followed by the next-highest bidder, until all available units are awarded. If two bids are identical, the bid received first will be given priority. AGBT reserves the right to reject any bid.

Winning Bids

Winning bidders will be notified by Friday, November 6, 2026. Payment in full is preferred within 30 days of notification, but sponsors may defer payment until January 8, 2027.

Winning sponsors will receive a sponsorship agreement and invoice following bid notification. Your signed bid sheet, if accepted by AGBT, constitutes a legally binding agreement to pay the full sponsorship amount no later than January 8, 2027. All awarded sponsorships are final and noncancelable.

Bidding Strategy

You may bid on multiple sponsorship opportunities and indicate whether your bids are independent or contingent upon one another.

- **Independent bids:** Each bid will be considered separately, and you may be awarded multiple sponsorships.
- **Contingent bids:** If you wish to secure only one of several opportunities, identify the contingent bids and your order of preference in the notes section of the bid sheet. Once one of these bids is awarded, the remaining contingent bids will be withdrawn from consideration.

Please clearly indicate any contingencies on your bid sheet.

Meeting Access

Maintaining a balanced mix of industry, academic, government, and nonprofit attendees is central to AGBT's success. To preserve a high-quality meeting experience, attendance is limited by venue capacity. We encourage sponsors to have their representatives register promptly upon receiving their registration links to secure their meeting access and hotel accommodations.

Sponsor Marketing badges include scheduled meals, social events, and access to your organization's sponsor workshop or presentation, if applicable. They do not include access to scientific sessions or other sponsors' workshops or presentations.

All sponsor representatives interacting with AGBT attendees must be registered and credentialed through AGBT. Badge sharing is strictly prohibited. Organizations that share badges or otherwise violate AGBT's sponsorship guidelines may face restrictions on future invitations to attend the AGBT General Meeting.
